Adopted by the
U. S. Army...

As an indication of the great practical value of "SAUNDERS' MEDICAL HAND-ATLASES," it should be noted that the Medical Department of the U. S. Army has adopted the Atlas of Operative Surgery as its standard, and has ordered the book in large quantities for distribution to the various regiments and army posts. (See pages 84, 35, 36.)

The Alabama Medical Journal

THE ONLY MEDICAL JOURNAL PUBLISHED
IN THE STATE OF ALABAMA.

The following resolution was introduced by one of the leading physicians of the city of Mobile, Ala., and it was unanimously adopted by the Medical Association of the State of Alabama, April 22, 1898, at the meeting held in the city of Birmingham.

"Whereas, There is regularly published in the city of Birmingham, Ala., a monthly medical Journal known as THE ALABAMA MEDICAL JOURNAL, and

Whereas, The course of said Journal has always been promotive of the best interests of this Association; therefore,

Be it resolved, That this Association endorse said Journal as its official organ."

Has a large, bona fide, paid-up subscription in Alabama and adjacent states.

This journal has been published by the present owners for more than TWELVE YEARS, and is growing in favor with the medical profession, as is shown by the substantial support given, and by contributions from month to month. The advertising department is liberally patronized by a long list of the best known houses in this country.

Rates for advertising will be given on application to the Editor. Address

DENTAL REGISTER, U. S. and Canada,
Published by R. L. POLK & CO., Detroit.

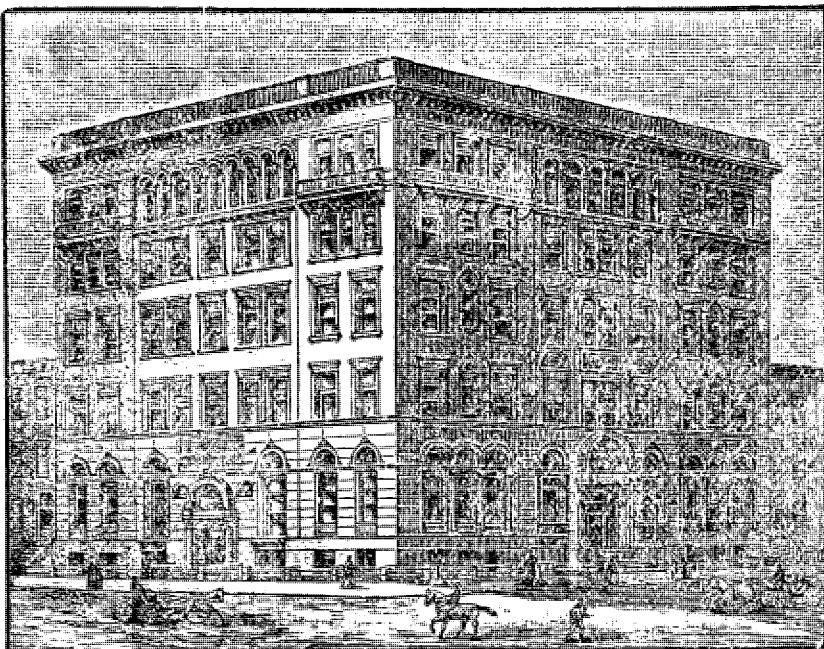

New York Post-Graduate Medical School and Hospital, University of the State of New York.

Second Avenue and 20th Street, NEW YORK CITY.

Incorporated by Special Act of the Legislature of the State of New York. For Practitioners of Medicine Exclusively.

NINETEENTH YEAR. SESSIONS OF 1900-1901.

The Post-Graduate Medical School and Hospital occupies the largest and best building for combined hospital and college purposes in the country. It is an eight-story fire proof structure, containing accommodations for 183 patients. The Babies' Wards are an integral part of the Institution, under its own roof, with beds for fifty-three patients. The building has adequate accommodations for the personal instruction of large classes of practitioners, while the hospital facilities are equal to those of any hospital in the City of New York. Every opportunity, both in the dispensary and hospital, is afforded in all departments of medicine and surgery. The major operations are performed in the amphitheatre of the Institution, which is fitted up in a manner to secure the best surgical results. Pathological and Histological Laboratories are also a part of the school. The Faculty are connected with many of the great Hospitals and Dispensaries in the city, where other clinics are held for the benefit of the matriculates of the Post-Graduate Medical School. Practitioners may enter as any time.

Members of the profession who are visiting New York for a day or two, will be heartily welcomed at the Post-Graduate School, and if they desire to attend the clinics, a visitor's ticket, good for two days, will be furnished them on application to the Superintendent. Connected with the Hospital is a Training School for Nurses, which not only furnishes the nurses for the Post-Graduate Hospital, but also in part for three other important institutions.

THE POST-GRADUATE JOURNAL. This journal is published monthly, and contains comments on the leading medical events of the time, together with original articles, and papers that have been read in The Post-Graduate Clinical Society, with discussions upon these articles, and book notices. Besides there are thirty-two pages of abstract from the very best home and foreign journals. It is no mere organ of the Post-Graduate Medical School, but an independent, critical medical journal, of interest to the whole profession of the country. Subscriptions are invited as well as articles for insertion. The editor will not undertake to return communications which cannot be used, unless stamps are enclosed for that purpose. The subscription price is \$1.00 per year. Letters enclosing subscriptions or articles for insertion may be sent to **THE POST GRADUATE**, Second Avenue and Twentieth St., New York City. Communications referring to advertisements in the Journal should be directed to **A. B. MEACHAM**, Second Avenue and Twentieth Street, New York City.

VANDERBILT UNIVERSITY,

MEDICAL DEPARTMENT.

NASHVILLE, TENN.

All departments are fully equipped with the most modern appliances. Course of study covers a period of four years. Thorough practical work in all the Laboratories is compulsory.

In the lecture rooms the students are instructed didactically, clinically and by recitations. Each of the four classes is taught separately. Hospital facilities are abundant, and a college clinic is held daily, making in all twelve clinics a week.

Students who matriculated prior to January 1, 1899, and who have attended two full courses of lectures, on presentation of certificates attesting that they have successfully passed in the fundamental branches, and presenting evidence that they have had one year in the practical branches, will be permitted to enter the graduating class of the session 1900-1901. Thereafter no student will be permitted to graduate who has not attended four full courses of lectures.

FACULTY.

JAMES H. KIRKLAND, A. M., LL. D.,

THE AMERICAN MEDICAL COLLEGE

407 S. JEFFERSON AVE., ST. LOUIS, MO.

Holds Six Months' Course of Instruction Annually.
Sessions Begins September Annually.

The curriculum is graded and extends through four years—four courses of lectures in different years.

Admission, instruction and graduation in conformity with Health Boards.

Laboratory instruction in Chemistry, Histology, Physiology, Pathology and Microscopy.

Clinical instruction at College and City Hospital.

Each student is immediately and personally taught in Obstetrics, Gynæcology, Physical Diagnosis, Laryngology, Ophthalmology, Medical Chemistry, Pharmacy, Materia Medica, Experimental Therapeutics, Anatomy, Minor Surgery, Bandaging, Operations on the Cadaver, Neurology, Electro-Therapeutics, Dermatology, Orthopædic Surgery, Genito-Urinary Diseases, and Hygiene.

The Annual Announcement will be sent on application to

E. YOUNKIN, M. D., DEAN,

3035 Lucas Avenue, ST. LOUIS, MO,

Metropolitan Hospital

THIS NEW ECLECTIC HOSPITAL

Is Pleasantly Located at the Cor. of

Ewing Avenue and Chestnut Street, - ST. LOUIS, MO.

This Hospital is the only one in St. Louis, and so far as we know it is the only one in the West, that is wholly under the control of Eclectics. It is newly furnished from cellar to garret with the very best hospital furniture.

We can accommodate only a limited number of patients as yet. The care of the patients is exceptionally good.

Our Medical and Surgical Staff is the faculty of the American Medical College, but every physician is privileged to bring his patients here under his own care, or to place the patient under the care of any other physician.

Charges Exceedingly Moderate. Correspondence Solicited.

Address

M. M. HAMLIN, M. D.,

Superintendent.

FOR MEN AND WOMEN.

Tufts College Medical School,

BOSTON, MASS.,

Will commence its next annual course of lectures Wednesday, Oct. 3, 1900, in its NEW AND THOROUGHLY EQUIPPED BUILDING, and continue eight months.

The curriculum consists of a four years' graded course of didactic and clinical lectures, recitations and demonstrations, supplemented by practical work in the laboratories and dissecting room, upon the various branches of medical science.

The large hospitals and dispensaries of Boston furnish an abundance of clinical material, and students are required to diagnose and prescribe for patients at the College Dispensary, under the supervision of the College Board of Instruction.

For further particulars or catalogues, address the Secretary,

CHARLES PAINE THAYER, M. D.,
74 Boylston Street, BOSTON, MASS.

COLLEGE OF MEDICINE

MEDICAL DEPARTMENT OF

Syracuse University

HISTORY.—The famous Fairfield (N. Y.) Medical School was organized in 1812. In 1841 part of its faculty went to the Geneva Medical School and the other part to Albany. The fame of the Geneva School was soon well established; of the learning and eloquence of her lecturers the graduates always speak with enthusiasm. In 1872 the Geneva School became the Medical Department of Syracuse University. With advancement in Medical Education the Syracuse School has supplemented its lecture courses by recitations and practical work in laboratories and hospital wards, and has arranged all as a four-years' graded curriculum—steadily keeping its standard of admission and scholarship in advance of the legal requirements of the State.

NEW BUILDING.—The new college building, with its attractive lecture rooms, numerous, spacious and well equipped laboratories, a library recently supplemented by the gift from Dr. Stephen Smith, of New York, of his large and private collection, an ample cold storage plant for the preservation of anatomical material (a separate building for animals used in the physiological and bacteriological laboratories), two large study rooms for men and women respectively, modern lavatories, individual students' lockers, photographic dark rooms and an electric plant for running ventilating fans, elevator, physiological laboratory apparatus and supplying incandescent lighting (especially important in the dissecting room), and arc lights for lantern, microscopic projection and photo-micrography, is one of the better appointed medical schools of the United States.

HOSPITALS AND DISPENSARY.—Two large general hospitals, a children's hospital, a large county orphan asylum, an extensive state institution for feeble-minded children and a city free dispensary, are at the service of the faculty and are all utilized for purposes of clinical instruction.

FACULTY.—In the faculty are enthusiastic, progressive teachers who strive to advance medical education by accepting as students only well prepared men and women, and insisting upon undergraduates continuing capable and doing steadily step by step the prescribed work of the curriculum. The work is so graded, however, that willing and industrious students of average ability experience little difficulty in meeting these demands.

UNIVERSITY ATHLETICS.—An excellent gymnasium, with tub, shower and plunge baths for both men and women; a first-class athletic field, with a quarter-mile cinder track and a grand stand, are at the service of all university students. Fee, \$3.00 annually.

COLLEGE FEES.—The annual fee is \$125.00, paying in full for didactic lectures, recitations, the course in practical anatomy with necessary material, all the various laboratory courses with necessary material and the use of microscopes and other apparatus, the use of the library, bone loan collection, museums, reading rooms and lockers, clinical lectures and training in the hospitals and dispensary, all examinations and graduation. The annual matriculation fee of \$5.00 is the only other charge.

ROOMS AND BOARD.—Good rooms for one student can be had in Syracuse for from \$6.00 upwards per month, and the same rooms occupied by two students for from \$8.00 upwards per month. By clubbing together in clubs of from six to twelve students, good board can be had for \$2.00 a week per student.

A large and able corps of Lecturers and Assistants supplement the work of the Professors in their didactic and clinical work, thus giving the Students every facility for review and drill exercises.

The curriculum embraces four courses of lectures by the Faculty. The requirements of the Association of American Medical Colleges, of which the Wisconsin College of Physicians and Surgeons is a member, are followed in every instance.

The College is equipped with one of the finest and most complete buildings in the United States. Its laboratory facilities are unsurpassed. Owing to the favorable location of the college and other advantages, its clinical facilities are exceptionally good. By its connection with St. Joseph's Hospital, the Staff of which is made up of members of the Faculty of the College, the Students are assured every possible benefit.

Provision is made for passing students having special preliminary educational advantages to advanced standing. This Institution is co-educational.

A complete department of **Dentistry**, conferring upon its students advantages arising from their relationship with the regular students of medicine, has been added to the College of Physicians and Surgeons. The **Dental Department**, thoroughly equipped with every modern improvement and facility, is under the leadership of the most experienced representative men of the Profession. Three full courses of lectures, the last of which at least must be in this institution, are required for graduation. The requirements for admission are based on the requirements of the National Association of Dental Faculties. For Catalogue or any further information, address,

DIRECTORS—Harry Lane, M. D.,
 Pres., Andrew C. Smith, M. D., Vice
 Pres., Robert C. Coffey, M. D., Sec.

(Established 1891. Formerly The National Medical College.)

..THE.. National Medical University OF CHICAGO.

The following **advantageous** features distinguish this Institution from all others:

1. Separate **Day and Evening** Courses.
2. In Session the **entire year**. Four quarters; beginning with the first week of January, April, July and October.
3. The work of each quarter is **completed** by a final examination.
4. All Lectures **repeated** every quarter or every second quarter so that one does not have to wait **a year** before a given subject is taught again.
5. Students may therefore enter at the beginning of **any quarter** or may attend one quarter, drop out the next and re-enter the third without disadvantages.
6. For the same reason Students may **change** at the beginning of any quarter from attendance during the evening to attendance during the day, or vice versa.
7. A **systematized** Medical Curriculum so that every subject in medicine must be covered before graduation is possible.
8. Attendance upon eight (8) quarters during the day, or twelve (12) quarters during the evening, extending over a period of four years required before graduation with the **reserved right** to increase these requirements to conform with the increasing demands of Examination Boards.
9. Students at graduation are **prepared to pass** any State Board Examination.
10. This **University** embraces a School of **Medicine**, a School of **Dentistry**, a School of **Pharmacy**, a School of **Midwifery**, a School of **Sanitation**, a School of **Osteopathy**, a School of **Veterinary Surgery**. A Diploma is given for each to those complying with all the requirements.
11. **All recognized** Schools or Systems of Practice are taught without prejudice or partiality by able representatives of each, thus giving the most liberal and practical medical education possible.
12. About one hundred Professors and Instructors, many of whom have no **superiors** and few equals.
13. An emergency, a general and a lying-in **Hospital** adjoining and in immediate connection, giving the student an opportunity to attend emergency cases, to receive bed-side instruction, to attend labor cases and to assist at operations.
14. Each Student is given the **opportunity** and required to attend **twelve cases of Obstetrics** before graduation.
15. Located in the best **clinical** field in Chicago.
16. Students of **both** sexes admitted.
17. **Low** fees.
18. **Self-supporting** student's **Employment** Association.
19. A **free** Preparatory Course.
20. Post-Graduate instruction given in the most **advantageous** manner.

HON. WILLIS GEORGE EMERSON, President of the Board of Directors.

Grand Trunk — For Niagara Falls, Toronto, Montreal, Portland, Railway System. Canada and the East.

Physio=Medical College of Indiana.

Session of 1900-1901 begins September 19th, 1900, and
Closes March 20th, 1901.

A Four Years' Graded Course of Twenty-six Weeks Each Year.

REQUIREMENTS FOR ADMISSION.

Applicants may enter this College by complying with the following conditions:

1. A certificate of good moral character, signed by two physicians of good standing in the State from which he comes, must be presented by the applicant.
2. The presentation of a diploma or certificate of graduation from a literary or scientific college or high school; evidence of having passed the matriculation examination to a literary or scientific college, or a certificate of successful equivalent examination by the faculty of any reputable university or college, or by the State Superintendent of Public Instruction; or a medical student's certificate issued by any State Examining Board.

ADVANTAGES.

1. Well established and recognized for twenty-six years.
 2. Competent and progressive faculty.
 3. Thoroughly equipped and Modern Chemical and Bacteriological Laboratories.
 4. Hospital advantages are excellent, and the Dispensary, which is run in connection with the College, furnishes abundant material for Clinical Teaching, which is a prominent feature in the course of instruction.
 - 5 The work is so graded that one year will be devoted to the consideration of the Principles of Sanative Medication. Then, three years will be given to the practical application of those principles, during which time it will be demonstrated that disease can be more successfully treated without, than with poisons.
-

For announcements and other business pertaining to the College, address the Secretary of the Faculty,

PHECINE.

The 20th Century Antiseptic and Germicide.

**Antiseptic, Prophylactic, Detergent, Germicidal,
Non-Irritant, Allays Pain, Destroys Fodor.**

ONE PHYSICIAN writes:—"You have the best remedy for Chronic Eczema I have ever seen; I have already derived more benefit from its use than from all other treatment in forty years."

Phecine is a Coal-Tar Product of the Benzene Group.

PHECINE is indicated in all diseases of the skin, such as Eczema, Psoriasis, Itch, Salt Rheum, Acne, Barbers' Itch, Hives, Nettle Rash; also in Chronic and Acute Gonorrhoea, Cystitis, Urethritis. In the treatment of Ulcers, Piles, Boils, Abscesses, Conjunctivitis, Catarrh, Leucorrhoea, Parturition, Burns, Scalds, Otorrhea, etc., where other remedies have failed, try Phecine, and you will be surprised at its wonderful curative properties.

Write for sample and literature.

A. L. POLK & CO., Detroit and Chicago.

New York Polyclinic Medical School & Hospital.

A Clinical School for Graduates in
Medicine and Surgery.

FOUNDED IN 1882.

THE NEW YORK POLYCLINIC is a school for teaching graduates the most recent methods of diagnosis and treatment in every department of medicine. The clinical material is abundant and the Hospital wards adjoin the lecture rooms. Since the fire of 1896 a new building has been erected and thoroughly equipped, and the institution is now prepared to offer better facilities than ever. Students may enter at any time.

The school maintains a dispensary in its own building, where in the presence of the matriculants from one hundred and fifty to two hundred patients are treated daily. The members will be brought into personal contact with the Patients, where the clinical features of each case may be minutely and leisurely studied. The Hospital has eighty beds for surgical patients, and all the operations are done before the class, and opportunities given to witness the after-treatment.

Clifton Springs Sanitarium,

HENRY FOSTER, M. D., Supt.

THE CLIFTON SPRINGS SANITARIUM

is beautifully situated in the village of Clifton Springs, Ontario Co., N. Y., one of the most healthful locations in the State, half way between the cities of Rochester and Syracuse, and is reached by the New York Central and the Lehigh Valley Railroads.

The fresh water springs which supply the Sanitarium are pure and abundant; while the sulphur springs are classed with the leading remedial springs of the world.

The medical staff is composed of nine physicians, eight men and one woman, all graduates of regular medical colleges, and members of the various medical societies and associations to which physicians are eligible.

The medical department, besides employing the ordinary appliances and remedies, has the advantage of many modes of treatment, which can be carried out only at a thoroughly equipped sanitarium.

The surgical department, besides having the most modern equipment, can employ, to the advantage of its patients, any or all of the regular sanitarium treatments, as the necessities of the case may require. The benefit derived from taking a course of treatment preparatory to a surgical operation cannot be overestimated, and convalescence is always hastened by a judicious employment of these advantages. A floor in the Annex has been set aside for this department, where will be found instruments, cabinets, tables, apparatus for sterilization and disinfection, and dressing appliances suitable for all kinds of operations.

Fire-proof buildings, heated by steam and open fires. Elevators, electric bells, electric and gas lights, and all modern improvements. Main piazza inclosed in glass in winter, warmed by steam and lighted by electricity. Rooms en suite, double, single or with private bath and toilet. The facilities for treatment in the winter are equal to those of the summer months, even for the most delicate patients.

No expense is spared to make the facilities for medical treatment, rest and recreation the best.

DENTAL REGISTER, U. S. and Canada,
Published by R. L. POLK & CO., Detroit.

CENTRAL MEDICAL COLLEGE, NINTH and FELIX STS. ST. JOSEPH, MO.

The Annual Session begins the First Monday, September of each Year and continues until March 1st.

THIS school is well equipped in every way for the teaching of **MODERN MEDICINE** and **SURGERY**, having connected with its faculty sixteen professors, owning its own building in the very heart of the city, which is supplied with two elegant lecture-rooms, seated with opera chairs, one being arranged in the form of an amphitheatre, the other adjacent to the bacteriological and chemical laboratories on another floor. The school has dissecting material in abundance.

CLINICAL FACILITIES.—Clinical advantages are first-class. Besides a free dispensary, the college holds regularly two half-day clinics each week at St. Joseph's Hospital, where every advantage is afforded students in a clinical way that can be given in any metropolitan institution of like character. The capacity is about 150 beds, with every modern convenience, as well as a beautiful clinical amphitheatre for the accommodation of the class. Students have also access to the City Hospital twice a week, and can visit, as often as desired, Asylum No. 2 for the purpose of studying and observing Mental and Nervous Diseases. With these and other advantages students have all the clinics they can possibly use.

BOARDING.—Arrangements have been made with private boarding houses, close to the college, where room with board, lodging, fire and light, are furnished at from \$2.50 to \$3.00 per week, also arrangements have been made where students can do light work of about two hours each day and in this way pay their board. Fees for Regular Course, \$50; Matriculation Fee, \$5; Hospital Fee, \$5; the sons and brothers of physicians and sons of ministers, \$25.

FACULTY.—O. B. Campbell, A. M., M. D., Professor of Abdominal Surgery and Clinical Medicine; T. E. Potter, MD., Professor of Surgery and Clinical Surgery; G. L. Sherman, M. D., Professor of Gynecology and Clinical Gynecology; G. C. Potter, M. D., Professor of Obstetrics; S. F. Carpenter, M. D., Professor of Descriptive and Relative Anatomy; J. Malseed Bell, A. M., M. UNIVERSITY OF MICHIGAN. HOMŒOPATHIC MEDICAL COLLEGE.

LECTURES COMMENCE OCTOBER 1, EACH YEAR.

SPECIAL ADVANTAGES.—The SPECIAL advantages which this department offers to medical students may be summed up as follows: ITS LONG, THOROUGH AND GRADED COURSE OF STUDY; ITS LOW FEES AND INEXPENSIVE COST OF LIVING; ITS MAGNIFICENT AND THOROUGHLY EQUIPPED LABORATORIES; ITS NEW, COMMODIOUS AND WELL-EQUIPPED HOSPITAL; ITS CORPS OF SALARIED PROFESSORS AND INSTRUCTORS; ITS ASSOCIATION WITH THE GREATEST UNIVERSITY ON THIS CONTINENT, whose diploma is known, honored and recognized the world over, and which gives its possessor superior standing in, and commends him to the people of any community.

THE HOMEOPATHIC HOSPITAL.—The new Homeopathic Hospital is provided with a corps of trained nurses, large, airy and well-lighted wards for male and female patients, private rooms for special patients, rooms for antiseptic surgery, dispensary, etc., all under the immediate direction of the Faculty.

ANATOMICAL LABORATORY.—The anatomical laboratory is admirably adapted for its purpose; the rooms are large, well-lighted and well-ventilated.

CHEMICAL LABORATORY.—The chemical laboratory provides thorough instruction and suitable appliances for the practical study of all branches of medical chemistry.

PHYSIOLOGICAL LABORATORY.—The apartments provided for the physiological laboratory offer excellent facilities for prac-

tical work, whether of class instruction or original investigation.

HISTOLOGICAL LABORATORY.—The histological laboratory is well supplied with microscopes, microscopical accessories, microtomes, imbedding apparatus, and other instruments used in histological work.

PATHOLOGICAL LABORATORY.—The work in this laboratory comprises an elementary and advanced course. It includes all ordinary practical work in connection with the study of the processes of disease as seen with the microscope.

HYGIENIC LABORATORY.—There is a large room devoted to bacteriological work, which contains all the improved apparatus employed by Koch. All the known pathogenic and the most important non-pathogenic germs are studied.

PATHOGENETIC LABORATORY.—A laboratory of experimental pathogenesis has been established in the Homeopathic building on the campus. This laboratory is equipped with the necessary apparatus for experimentation with medicinal substances on the healthy human body. This is a special feature of the school. Proving will be made, and each student will be required to do a certain amount of original work and research in the pathogenic field. A complete course in Homeopathic pharmacutics will also be given in this laboratory.

THE GYMNASIUM.—The gymnasium is 152 feet long by 124 feet wide, while the administration rooms have an area of 82 feet by 32 feet, with a wing for the ladies' gymnasium, in addition. It is open to students of all departments.

Men and Women Admitted on Equal Terms.

For Particulars, Address **DR. R. S. COPELAND, Sec'y, Ann Arbor, Mich.**

Grand Trunk Railway System. For Niagara Falls, Toronto, Montreal, Portland, Canada and the East.

NORTHWESTERN UNIVERSITY

Woman's Medical School,

333-339 South Lincoln Street,
CHICAGO.

TEACHES medicine to women. This is quite different from offering superior advantages for the study of medicine.

The classes are limited to 25, and these are each divided into 6 sections for clinical instruction. In this way every student comes into contact with the patients and receives the personal attention of the teacher.

The fee is \$100 each year; this pays for everything in the way of lectures, clinics, recitations, laboratory work, hospital tickets, and the thousand and one things that are usually charged as extras.

The year is divided into quarters of 12 weeks each, commencing the first of July, October, January and April. The summer quarter is particularly advantageous to senior and graduate students who wish clinical work in abundance and to those desiring laboratory courses.

Adopted by the
U. S. Army...

As an indication of the great practical value of "SAUNDERS' MEDICAL HAND-ATLASES," it should be noted that the Medical Department of the U. S. Army has adopted the Atlas of Operative Surgery as its standard, and has ordered the book in large quantities for distribution to the various regiments and army posts. (See pages 34, 35, 36.)

THE AUXILIARY HOSPITAL.

This Hospital is under the management of the College, and the entire Faculty comprise the medical staff, each taking a clinical interest according to the pathological conditions presented.

The Dispensary is open from 8 to 10 o'clock every morning for the free treatment of clinics.

The Hospital is in 1027 and 1029 West Green street, with accommodations for from twenty to thirty inside patients.

Nurses in training have ample opportunities to visit outside patients, as well as to witness the clinics and hospital work.

THE SOUTHERN MEDICAL JOURNAL.

A Monthly Journal of Medicine and Allied Sciences.

Edited by J. W. P. SMITHWICK, M. D.,

The policy of the JOURNAL is Liberal and Progressive, and its aim is to supply its readers with just what they desire, appropriate articles for the seasons.

PRICE, \$1.00 A YEAR IN ADVANCE.

WE OFFER THESE ADVANTAGES TO ADVERTISERS:

1. It is the ONLY MEDICAL JOURNAL published in this section, and therefore enjoys exclusive territory to a great extent.
2. It has THE LARGEST CIRCULATION of any medical journal of its age in the South.
3. REASONABLE RATES when the character and circulation are considered.

The above advantages being considered the SOUTHERN offers superior advantages as an advertising medium for reaching the best element of the profession in this and neighboring states.

[PERFECT TWO-WHEELER.]

Strictly "Up-To-Date" recognized to be "THE PROPER THING," for Physicians.
FIRST PRIZE WINNERS at Recent Horse Shows.

The only Two-Wheeler ever produced "PRACTICAL" in use with—Single or Pair Horse. Guaranteed absolutely free from Horse Motion and all other objectionable features, and as well to be the most convenient and comfortable riding vehicle in the world. Built exclusively as strictly reliable and fine "high-class" equipages.

vehicle), it overcomes one of the most monotonous parts of driving practice.

Combined with these desirable features, the body is furnished with Deep Box underneath the seat, affording ample space in which can be carried at all times, conveniently at hand and out of the way, Instruments and Medical Cases, Horse Blankets and Hitch Strap, and all articles necessary for physicians to carry and use in their practice.

For convenience in getting about crowded thoroughfares they excel any Four-Wheeler and possess Easy Riding qualities that are unequalled, or even approached, by any style of vehicle in the world, at the same time

A Physician's Perfect Driving Equipage of splendid proportions and in all respects designed to meet every requirement of a physician who desires for his use the most convenient, spacious, comfortable, steadiest and easiest riding, lightest draft and most durable "up-to-date" vehicle he can procure.

It is of the greatest convenience for ingress and egress, as it is of low suspension, body hanging 25 inches and steps only 18 inches from ground and with no front wheels to "dodge" in entering and alighting (thus avoiding user making constant exertion necessary to get in or out of a four-wheeled

WILSON SPRING

AMERICA'S
PUREST WATER.

SPRING AND BOTTLING WORKS, NORTH RAYMOND, MAINE.

ANALYSIS.

Chicago, April 14, 1890.

Messrs. Wilson Brothers, North Raymond, Me.:

Gentlemen—The various specimens of water from your Spring at North Raymond, Me., placed in my hand for analysis, have been carefully submitted to chemical examination with the following results. Each standard gallon of 231 cubic inches contains:

Sulphate of Potassium.....0.087 grains	Carbonate of Magnesium..... 0.234 grains
Chloride of Sodium0.231 "	Carbonate of Iron0.005 "
Bicarbonate of Sodium.....0.011 "	Alumina0.003 "
Phosphate of Sodium.....0.003 "	Silica0.422 "
Biborate of Sodium.....0.007 "	Organic MatterTrace
Bicarbonate of Lithium.....Trace	
Carbonate of Calcium.....0.994 "	Total1.997

The water is one of exceptional purity, containing but a slight trace of organic matter, being, therefore, admirably fitted for drinking purposes and medicinal uses. Stored in thoroughly clean vessels it keeps perfectly.

Yours respectfully,

WALTER S. HAINES, M. D.,

Professor of Chemistry in Rush Medical College.

Contains all the mineral elements of nutrition. It preserves and restores health. It makes infants and children grow, develops youth, supports age and sustains motherhood. Aids Digestion. Purifies the Blood. Regulates the Bowels. Flushes the Kidneys and Bladder. Stimulates the Liver. Relieves Nervousness and promotes Sleep.

Wilson Spring Water is highly beneficial in the following diseases: Rheumatism, Gout, Lithaemia, Gravel, Inflammation of the Bladder, Vesical and Renal Calculus, Bright's Disease, Liver Troubles and Skin Diseases.

It is Diuretic, Laxative, Tonic and Restorative, and in *chronic diseases* is particularly indicated.

For a TABLE WATER it is Unexcelled.

The WILSON SPRING is located in the town of North Raymond, Me., in the immediate vicinity of the celebrated Poland Springs, where, from a ledge of rock extending many feet up the hillside, this water gushes forth in all its natural purity at the rate of eight hundred barrels a day. Why this water comes forth so much purer than from other springs has interested and surprised geologists, chemists and metallographists.

Beverages made from this water are first-class, and are bottled under the English Standard.

The Cleveland Medical Gazette

ESTABLISHED 1885.

C. W. SMITH, Editor and Manager.

ISSUED MONTHLY BY THE
Medical Gazette Publishing Co.,
(INCORPORATED.)
CLEVELAND, OHIO.

THE CLEVELAND MEDICAL GAZETTE is owned, published and controlled by physicians.

It is a reflex of new ideas and practical advancement in medicine and surgery, containing especially those new points and wrinkles in diagnosis and practice, which the general practitioner likes to get hold of for use in his every day practical work. It also aims to keep track of scientific discoveries in so far as they have a direct bearing on practical work.

The body of the GAZETTE is kept free from advertising matter, direct and indirect. The advertising columns admit only advertisements of unobjectionable character.

Its character makes it valuable for preservation by readers, and so largely increases its value for advertisers. It is not consigned to the waste basket. Its large circulation throughout Ohio renders it the most valuable medium in the State.

THE BEST ANTISEPTIC

FOR BOTH INTERNAL AND EXTERNAL USE.

LISTERINE

NON-TOXIC, NON-IRRITANT, NON-ESCHAROTIC—ABSOLUTELY SAFE, AGREEABLE AND CONVENIENT.

LISTERINE is a well-proven antiseptic agent—an antizymotic—especially useful in the management of catarrhal conditions of the mucous membrane, adapted to internal use, and to make and maintain surgically clean—aseptic—all parts of the human body, whether by spray, injection, irrigation, atomization, inhalation, or simple local application, and therefore characterized by its particular adaptability to the field of

PREVENTIVE MEDICINE—INDIVIDUAL PROPHYLAXIS.

LISTERINE promptly destroys all odors emanating from diseased gums and teeth, and will be found of great value when taken internally, in teaspoonful doses, to control the fermentative eructations of dyspepsia, and to disinfect the mouth, throat and stomach. It is a perfect tooth and mouth wash, **INDISPENSABLE FOR THE DENTAL TOILET.**

FOR DISEASES OF THE URIC ACID DIATHESIS.

LAMBERT'S LITHIATED HYDRANGEA

RENAL ALTERATIVE—ANTILITHIC.

Close clinical observation has caused LAMBERT'S LITHIATED HYDRANGEA to be regarded by Physicians generally as a very valuable Kidney Alterative and Antilithic agent in the treatment of

Urinary Calculus. Gout. Rheumatism. Cystitis. Diabetes. Hæmaturia, Bright's Disease, Albuminuria and Vesical Irritations Generally.

Realizing that in many of the diseases in which LAMBERT'S LITHIATED HYDRANGEA has been found to possess great therapeutic value, it is of the highest importance that suitable diet be employed, we have had prepared for the convenience of physicians,

DIETETIC NOTES,

suggesting the articles of food to be allowed or prohibited in several of these diseases. A book of these Dietetic Notes, each note perforated and convenient for the physician to detach and distribute to patients, supplied upon request, together with literature fully descriptive of LISTERINE AND LAMBERT'S LITHIATED HYDRANGEA.

LAMBERT PHARMACAL CO.,

ST. LOUIS, MO., U. S.

Listerine is kept in stock by the leading dealers in Drugs and Medicines throughout the world.

BOWDEN LITHIA SPRINGS CO.

Main Office, 174 Peachtree St., ATLANTA, GA.
Or LITHIA SPRINGS, GA.

J. A. SCOTT, Agent.

We give below a few of the many thousand letters and testimonials we have from the leading physicians and Professors of Medical Colleges throughout the country, and we refer you to any or all of them who use this Water every day in their practice. On application we will send you pamphlet of testimonials and price list, etc.

ATLANTA, GA.
DEAR SIRs—I take pleasure in stating that I have been a constant prescriber of Bowden Lithia Water for a number of years, and have found it an invaluable adjunct in the treatment of diseases of the bladder and urethra. In the general classes of diseases dependent upon the uric acid diathesis, this water has always given me good results.

WM. PERKIN NICHOLSON, M. D.,
Formerly President Southern Medical College.

ATLANTA, GA.
GENTLEMEN—I beg to say that I regard Bowden Lithia Water as a reliable and efficient diuretic. It is a valuable agent in the treatment of the various ill-defined morbid states of the system arising from a faulty elimination of urea. In my opinion it should be recommended to pregnant women to be used during the entire period of gestation as a prophylactic against eclampsia. Yours truly,

BERNARD WOLFF, M. D.

ATLANTA, GA.

I have been troubled for twelve years with loss of appetite and rest, difficulty in urinating, high-colored, scanty urine, accompanied by distressing pains in the region of the bladder. Upon the advice of my physician (Dr. J. G. Earnest), I began the use of Bowden Lithia Water, and soon thereafter passed calculi in great numbers, with corresponding marked relief. This continued for several weeks, at the end of which period there passed from the bladder a calculus, irregular in form, $\frac{3}{8}$ inch in length by $\frac{3}{8}$ inch diameter, weighing twelve grains, causing excruciating pain.

Since that time, and immediately following, the urine cleared up, all pain disappeared, my appetite has returned, and my general health is better than for many years past, all of which I conscientiously ascribe to the use of the Bowden Lithia Water.

I cannot speak too highly of Lithia Springs, Ga., as a resort for invalids, or of the Bowden Lithia Water as a remedy in chronic rheumatism and rheumatic gout. I began to drink the water and take the baths in March last, after having suffered eighteen months from a severe and painful chronic rheumatism. In a few days the action of the water on the kidneys was very marked, and I began to improve. This improvement was steady up to the present time, and I can walk with perfect comfort, a luxury I have not known for more than a year.

J. W. MACDONALD, M. D.

ATLANTA, GA.
It gives me great pleasure to add my testimony to the value of Bowden Lithia Water in many diseases. For several years I have used it extensively in my practice, with the most gratifying results. Its effects, in many cases of stomach, kidney, bladder and nervous diseases, have been truly marvelous. I have had particularly happy results from its use with ladies suffering with insomnia and nervous dyspepsia. I can and do heartily recommend this water as a very valuable medicinal agent.

J. B. S. HOLMES, M. D.

For Catarrh of the Bladder, Gravel and Stone in Bladder, Kidney Troubles, Bright's Disease, Rheumatism, Gout, Nervous Disorders, Dyspepsia, Nervous or Atopic Disease of Delicate Women, Uric Acid Diathesis and Uric Acid Eliminator, there is nothing that excels Lithia, and in order, don't forget the place and name.

**SPECIAL
OFFER.**

AS it is impossible to form an idea of the beauty and cheapness of "Saunders' Medical Hand-Atlases" without an opportunity to examine them, we make the following offer: Any one of the Atlases will be sent post-paid upon request. If you wish to retain the book remit the price; if not, return the book.
(See pages 34, 35 and 36.)

The "Manipulator," one of the machines used for giving Mechanical Massage.

GEO. H. TAYLOR, M. D.,
 Founder, Inventor of Mechanical Massage.
 G. H. PATCHEN, M. D.,
 Medical Director.

The Improved Movement Cure Institute,

637 MADISON AVENUE, N. E. COR.
 59TH STREET,

NEW YORK CITY.

Dear Doctor :

Do not forget that the PROPER application of MECHANICAL MASSAGE (the invention of Dr. Geo. H. Taylor) will cure the most obstinate cases of Rheumatism, Sciatica, Neuralgia, Dyspepsia, Constipation, Hemorrhoids, Obesity, Deformities, Uterine Displacements, and Chronic Congestions and Inflammation of the Pelvic Organs, even after drugs, baths and electricity have failed.

This Institute makes the experienced application of Mechanical Massage a specialty, and at no other place or Institution are its various processes given with the knowledge, skill and precision as here, in exact accordance with the manner of application so long and so successfully employed by its inventor.

Personal Inspection of Methods Solicited.

CALL OR SEND STAMP FOR EXPLANATORY LITERATURE.

The Institute, in addition to its regular work of curing the sick, carries on a **SCHOOL OF MASSAGE.** Apply for circular for particulars.

All of DR. TAYLOR'S appliances for giving Mechanical Massage for sale. Send for Illustrated Catalogue and Price List.

Send for description and price list of the following books by DR. TAYLOR, published by the Institute: **Health by Exercise; Health for Women; Pelvic and Hernial Therapeutics; Manual Massage; Mechanical Massage; Paralysis; Mechanical Aids in the Treatment of Chronic Forms of Disease.** Also, by DR. PATCHEN, a 38-page pamphlet, **How Should We Breathe?** and **The Treatment of Chronic Forms of Disease by Motion** (in course of preparation).

Address, for any purpose,

THE I. M. C. INSTITUTE,

637 Madison Ave., Northeast Cor. 59th St.,
 NEW YORK CITY.

Mercy Hospital, Des Moines, Iowa,

The Hospital was formally opened for patients April 23d, 1893. It is beautifully located in the suburbs, on an elevation overlooking the entire City of Des Moines and surrounding country, and equipped with all the modern sanitary improvements, with no building around it to intercept the air or prevent the sun from continually shining upon it. The Medical Faculty consists of the most prominent Physicians in the city. The Hospital is in charge of the Sisters of Mercy.

The Lakeside Hospital.

(INCORPORATED 1884.)

THE OLDEST PRIVATE HOSPITAL IN CHICAGO.

The wards are especially desirable and attractive, and are provided with bath and toilet rooms.

The private rooms are furnished with every convenience and comfort consistent with perfect sanitation, a number being provided with private bath and lavatory.

The Sterilizing Room is provided with some original features to which your attention is invited. Here is found every appliance for the sterilization of instruments, ligatures and dressings. In this room the entire water supply for the operating rooms and surgeons' preparation room is first filtered, then sterilized.

The Surgeons' Preparation Room, besides the usual apparatus for preparatory work, is provided with a very modern shower bath.

The Operating Rooms are furnished with every modern appliance, with a graduate nurse in constant attendance. The appointments to these rooms are second to none in the city.

N. H. HENDERSON, M. D.,

Proprietor and Physician and Surgeon in Charge,

4147 Lake Avenue, CHICAGO.

The Lakeside Hospital Training School for Nurses

offers a course of twenty-six months of training to young women from twenty to thirty years of age. Requirements, good health, good moral character and a high school education.

For further information address

LAURA FELL WHITE, Superintendent, Lakeside Hospital,

TESTIMONIAL:

ALEXIAN BROTHERS' HOSPITAL, Belden and Racine Aves.

Chicago, Feb. 26th, 1900.

Chicago Rival Machine Co.,
35-41 E. Indiana St., City:

Gentlemen—We beg leave to acknowledge the receipt of your patent shirt, collar and cuff ironing machine, "The Rival," and also your shirt starcher.

The "Rival" is a perfect success as an ironer, and it affords us great pleasure to express our unqualified praise of it.

The starcher works like a charm, and the fact that it works noiselessly is a source of great satisfaction to us.

It is our intention to have both of your machines placed in all of our institutions. We remain, very truly yours,

ALEXIAN BROTHERS' HOSPITAL.

THE Texas Medical News

The Consolidated
Medical Journal. .

The Best Advertising Medium in the South.

THE TEXAS MEDICAL NEWS has been consolidated with three of the leading medical journals of the State, namely, The Southwestern Medical and Surgical Reporter, of Ft. Worth, Texas; The Texas Medical Practitioner, of Dallas, Texas, and The Southwestern Medical Record of Houston, Texas. This Consolidated Journal now has the largest and best distributed subscription patronage of any Texas medical journal. It is sixteen pages larger than any medical publication in the State, and by means of the above consolidations, has reduced the number of medical publications in this territory one-half.

The News is the official organ of many of the leading medical societies of the State, and gives full reports of all medical meetings held in its territory. It is popular with the medical profession everywhere, and labors for their best interest at all times, and is in **no sense a trade journal**, to the slightest degree.

Texas alone, is larger than all the New England States and had a population ten years ago of two and a half million people, with over 5,000 physicians, and while The News does not claim the earth, still it claims to have the **Best Advertising Medium on Earth** in this southern territory.

We solicit the patronage of the legitimate physician and can furnish him more reading matter per month than any first-class Southern journal. Subscription price, \$1.00 per year in advance.

The News solicits a trial order from the advertiser. Write for rates and sample copy.

COPIES.....

In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. (See pages 34, 35, 36.)

ST. PAUL'S SANITARIUM

Bryan St., Bet. Pavillion and Hall Sts.,
DALLAS, TEXAS.

The only institution in Texas affording unlimited accommodation to suffering humanity. Medical science in all its branches, skilled nurses, and exceptionally favorable climate contribute to the unsurpassed record the institution has made.

The building is heated with hot water and lighted by electricity and gas. It is needless to say the house is supplied with everything necessary to elevate its interests in behalf of patrons, thus making it the most popular Sanitarium in the South.

The Sanitarium is open to receive patients at all hours of the day and night.

The Bryan street car passes the Sanitarium. The San Jacinto and Swiss avenue cars are within one block of it.

Visitors are kindly received and will be shown through the building during visiting hours.

A medical staff has recently been organized in connection with the Sanitarium.

It consists of the following Physicians:

Gynecology—DRS. EAGON, ARMSTRONG, McLAURIN AND BAIRD.

General Surgery—DRS. SMOOTH, SMART, REEVES AND HALL.

Medical—DRS. ALLEN, THURSTON, THOMPSON AND ARRONSON.

Dermatology and Genito-Urinary—DRS. SHELMIER, SHERMAN, SMITH AND DUNLAP.

Eye, Ear and Throat—DRS. CHILTON AND McREYNOLDS.

House Physician—DR. W. T. CARROLL.

ST. JOSEPH'S MATERNITY ...HOSPITAL... AND HOME FOR INFANTS

(which has connected with it a home for infants), affords a quiet retreat for persons who desire secrecy. The buildings, surrounded by twenty acres of lawn, orchard and forest, situated in one of the most attractive suburbs of Cincinnati, and of easy access by steam, electric or cable cars, are commodious and modern, with appointments homelike, comfortable, attractive and first-class in every particular; having private water-works and electric light plant. While the Hospital is heated by steam, each room has an open fireplace which can be used if preferred.

The care of the patient is under the closest supervision of the Sisters and Physicians, the strictest regard being paid to the wishes of parents or guardians sending those under legal age. Patients will be met at depots or a nurse will be sent to any part of the country to meet them, or take charge of child for adoption.

Grand Trunk — **For Niagara Falls, Toronto, Montreal, Portland, Railway System. Canada and the East.**

Telephone Main 3826.**DR. H. P. PRATT,****X-Ray and Electro-
Therapeutical Laboratory****MASONIC TEMPLE,
CHICAGO, = ILLINOIS.**

We take great pleasure in announcing to the medical profession that our Laboratory is fully equipped with the largest and most complete X-Ray apparatus of any laboratory in the country, and we are prepared to make X-Ray examinations and take shadowgraphs of any portions of the body, exposures varying from five seconds to five minutes, without danger of blistering or burning. All work done by us is geometrically correct. We have it so arranged that the surgeon can make the necessary examination himself by use of the Fluoroscope before the shadowgraph is taken, which will assist him very materially in the disposition of the case.

Ever since the discovery of the X-Ray, or at least within the past year, various damage suits have been brought against surgeons for supposed malpractice, relying on the X-Ray as evidence. Now the surgeon is obliged to protect himself against such malicious persons by having X-Ray examinations made before and after each operation. We will defend any practicing physician or surgeon, so far as X-Ray evidence goes, against such persons, free of charge, and will not allow any shadowgraphs to be taken by us, if we know it, that will injure or damage any member of the profession.

Dr. Pratt is a medico-legal expert, and will appear in court for or against, in cases where the X-Ray is introduced as evidence.

DANIEL LEWIS, A. M. M. D. Editor.

This journal of 120 pages, reviews the leading articles in foreign as well as American periodicals, contains one original article, New York State Medical Examinations, both questions and answers, etc., etc.

The leading feature, however, is the Index Medicus, classified by subjects and arranged for ready reference to the periodical containing the article. Over 1,000 subjects are thus indexed monthly, rendering the Review an indispensable supplement to all journals. Every subscriber may obtain any article indexed through this office.

Annual subscription, \$1.00. Strictly in advance.

Medical Review of Reviews,

252 Madison Ave., New York.

"The Index of Literature in the Medical Review of Reviews, New York City, has been elaborated on, all the articles it notes classified. It is a great improvement, and will aid the student and investigator to keep up with the literature on any subject in which he may be interested. It covers the field well."—*Journal of the American Medical Ass'n. Nov. 18, 1899.*

To Superintendents of Hospitals and Physicians. Sterilized Hospital Absorbent Cotton.

All of OUR GOODS ARE IN LAYERS, rolled in tissue. Our long experience in the manufacture of absorbent cotton leads us to say that we are producing a line of goods superior to any Absorbent Cotton in the market.

THE EUREKA ABSORBENT GAUZE

Is noted for its soft, silky feeling, and is entirely free from all sizing, and is particularly adapted for surgical dressings and sterilized sponges. It has been used by the Boston City Hospital, the Massachusetts General and the Johns Hopkins, and by a large number of small hospitals. Physicians order it in 100-yard rolls for their private practice. We should be pleased to supply you at a very low price.

We are introducing a new specialty for hospitals and physicians—**Absorbent Gauze Bandages**—all widths, either by the yard or pound.

For prices apply to Manufacturers,

The Emerald Cereal Food.

For infants, invalids, dyspeptics, convalescents, etc. It is a Food prepared from wheat, the best cereal, and refined sugar ; and milk being added in its final preparation for feeding, it contains all the necessary elements for healthy nutrition and tissue building.

It is prepared by a process which converts the starch into dextrine, rendering it soluble and easy of digestion, and it agrees with the most disordered and irritable stomachs, being retained when everything else is rejected.

It is tempting in fragrance and appearance, and very palatable, in fact it is delicious, and greedily taken by delicate babies, etc.

IT WILL SERVE THE PHYSICIAN wonderfully and help him in his practice when he can find nothing else that will be acceptable to his patients, and thereby enhances his practice and reputation.

It is indicated in all cases of malnutrition from any cause. In cases of dyspepsia or affections of the stomach impairing digestion. In typhoid or other fevers. In cases where dieting is indicated. In cases of cholera infantum, diarrhoea, dysentery and gastro-enteritis of children.

It is stable and will keep indefinitely. It is put up in highly decorated air-tight tin cans, as above cut.

This Food is kept for sale by the principal druggists of the country. In case the druggist does not keep it, send the price, 50 cents per can, by mail, to the company, who will send prepaid by return mail any number of cans so ordered.

R. L. POLK & CO., Detroit and Chicago.

Dr. Tuholske's Private Surgical and Gynæcological Hospital.

This Hospital has been specially designed and built for the care of patients requiring surgical or gynaecological treatment, and it is believed that so far as sanitary conditions, ventilation, light and heating are concerned, this Institution will compare favorably with the best in the land. The rooms are nicely and cosily furnished, the cuisine equals that of first-class hotels, the nurses are thoroughly trained, competent and required to be affable, gentle and attentive. Patients will find in this Institution the comforts, and if desired, the luxuries of a home combined with the quiet, seclusion and trained nursing, such as one finds in hospitals only, and the security which comes from the knowledge of being under the direct and personal care of the Surgeon.

The Institution is centrally located on N. E. Cor. of Jefferson Ave. and Locust St., St. Louis, Missouri.

DR. H. TUHOLSKE, Surgeon in Charge.

WM. M. ROBERTSON, M. D., Resident Assistant Surgeon and Pathologist.

WM. S. DEUTSCH, M. D., Assistant Surgeon.

ERNST JONAS, M. D., Resident Assistant Gynæcologist.

ST. MARY'S SANITARIUM

Situated at
PUEBLO, COLO.

Offers many superior advantages to those seeking health, rest, or recreation. The sanitarium is located on an elevated and picturesque site overlooking the city of Pueblo; to the northwest and south is a chain of mountains of arc escentric form towering above the surrounding plains, with the renowned Pike's Peak 14,200 feet high, and the Spanish Peaks at the south horn, rising over 15,000 feet. The most healthful of climates in the United States for all classes of invalids, on an elevation of 4,670 feet, and the average humidity is below 45 the year round. Other great desiderata with invalids are mildness, dryness of soil, and natural healthfulness. All of these Pueblo possesses in a most marked degree.

The medical profession is ably represented in Pueblo.

Our operating room is one containing all modern facilities.

Preserve the TISSUES of the Body

IN TYPHOID, PNEUMONIA, LA GRIPPE, ETC.,

BY USING THE

American Analgetic
and Antipyretic Alkaloid

THERMOL $C_{14}H_{15}NO_3$

FOR it lowers temperature by dissipating heat and **inhibits** heat production by directly controlling the heat-producing centre. Its sedative and controlling influence over the nervous centre stops increased tissue combustion, and prevents exhaustion of the patient.

FOR it is **antiseptic** in the blood, as shown when it is used in fevers caused by micro-organisms or leucomaines, and **proven** by its specific action in typhoid.

OTHER PREPARATIONS.

SYR. GLYCERO- PHOSPHATES

Comprising the Glycero-Phosphates of Iron, Manganese, Quinine, Strychnine, Calcium, Sodium, and Potassium.

Made from Glycerino-Phosphoric Acid: the "phosphorus of the system" and the base of nerve tissue.

IODOMUTH

$(Bi_4C_7H_7I_2O_5)$

A Preparation of Bismuth, containing Iodine in a non-irritating form.

This combination is especially valuable in catarrhal and ulcerative conditions of the stomach and intestines, and cures **Dysentery** quicker than any other remedy.

FERMANG

(Liq. FERRO ET MANGANO PEPTONATUS).

An organic union of Peptonized Albumen, Iron, and Manganese.

It is absorbed by the system without the necessity of digestion, and enriches the blood at once. The most economical preparation of iron ever produced.

LIBERTY CHEMICAL CO., PHILADELPHIA.

McGee's Wine of Cod Liver Oil With Hypophosphites

Is a full strength preparation of Hypophosphites, equal in strength to the most reliable Syrup. It also contains 25 per cent of **COD LIVER OIL**, as represented by its extractives or alkaloidal principles, which, according to Lafage, Germain-See and other advanced investigators; represents the therapeutic value of the crude oil.

It also contains our concentrated extract of fresh Saw Palmetto Berries and our specially prepared fluid of Wild Cherry Bark.

It is a valuable reconstructive agent, possessing marked vitalizing power over the mucous surfaces.

SAW PALMETTO is widely recognized as a nutrient, tonic and sedative to the reproductive organs. It improves digestion, increases weight and strength, promotes expectoration and diminishes irritation of the mucous membrane. For the same reason it is effective in disease of the genito-urinary tract it is also effective in disease of the air passages. The effect of this compound over coughs, of whatever character, is marked. In stubborn coughs following la grippe and whooping-cough it gives good results.

In bronchial, laryngeal and tubercular affections, nervous prostration, sexual exhaustion, marasmus, etc., and as a reconstructive tonic it is worthy of the highest consideration. It is a good tissue builder.

COD LIVER OIL, HYPOPHOSPHITES AND SAW PALMETTO rank above all others in this particular.

UTROBIA.

Each fluid ounce represents:

Viburnum Opulus (Cramp Bark).....	60 grains
Squaw Vine (Mitchella Repens).....	30 grains
Aletris Farinosa	30 grains
Jamaica Dogwood	30 grains
Saigon Cinnamon	30 grains
Hydrastis: As represented by Hydastrine.....	20 grains
Blue Cohosh	15 grains
Spice Cloves	5 grains

It is a valuable utero-ovarian sedative and tonic, possessing marked power in the treatment of diseases of the reproductive system. Useful in Amenorrhoea, Dysmenorrhoea, Leucorrhoea, Prolapsus Uteri, Menorrhagia, Threatened Abortion, Painful affections of the Ovaries, Change of Life and all relaxed and inflammatory conditions of the Uterus and its appendages. It will give tone and vigor to the whole reproductive system and allay the long train of nervous symptoms due to derangement of the Uterus and its appendages.

Utrobria approaches more nearly in strength to a compound fluid extract than any similar preparation on the market.

The superior strength of this preparation over others is marked, while the price is much less than many of them.

McGEE'S PANCREO-PEPTINE

Embodies Strength, Purity and Permanence. Contains all the active agents of digestion, is rich in Pepsin and especially active in the starch ferments. Will digest albumen, liquify fibrin, dissolve the casein of milk, emulsify fat and convert starch into sugar.

TEST FOR STARCH: Make a paste by boiling 100 grains of dry starch in four ounces of water. When it has cooled down to 105 degrees F. add 35 grains of Pancreo-Peptide to the paste and stir; the paste will dissolve almost instantly.

COMPETITIVE TEST: Repeat the operation with the same quantity of any other similar preparation.

We prepare an **ELIXIR OF PANCREO-PEPTINE** from the powder, one fluid drachm of which will digest 1,000 grains of disintegrated egg albumen.

CONSULTATION HOURS: **NEW YORK CITY.**

11 A. M. to 7 P. M.

At other times by appointment only.

The sanitarium was founded in the year 1889.

Its record challenges the admiration of the medical profession and the world.

Out of a total of over 10,000 cases treated during the past ten years, only three deaths have occurred, and these within the first four years of the institution's history. A mortality rate of 33 1-3 of 1 per cent.

No other institution of its kind can approach it, either in excellence of method or uniformity of results.

Practice in the Sanitarium is limited to all organic and functional diseases and irregularities of women.

Discount of 20 per cent from all fees collected allowed physicians referring cases to the Sanitarium.

Home for Feeble-Minded Children and Youth and Persons

AT

KALAMAZOO, MICHIGAN.

DR. C. T. WILBUR, SUPERINTENDENT.

Superior Manual Training school, elegant home, number of inmates limited to thirty, fifty years experience in the work, habits of the inmates carefully guarded and closely watched, as can be done with the small number of inmates, but simply impossible in the large institutions.

The admirable influence of a school and home, we offer, such as cannot be equaled in this country, and the American establishments of this kind are far superior to those abroad. Write to the Superintendent for terms, which will be found to be very moderate.

*The Editor, Dr. Gleitsmann, treats all diseases naturally, at home or abroad, and has shown and demonstrated by his extraordinary cures, that Nature is the most reliable physician for every disease. CONSULT HIM.

Dr. Rothschild's**Chicago
Kneipp
Cure ...****2011 Wabash
Ave., Chicago**

Physicians may make advantageous arrangements with Dr. Rothschild to place chronic cases—particularly those of the most obstinate nature—in his charge.

Rothschild's Chicago Kneipp Cure is performing just as remarkable cures as those performed at Worishofen by the late Pfarrer Kneipp. In principle and in effect the treatment is the same as at the parent institute. The treatment differs only in that all public display is avoided, patients not being compelled to walk barefooted outdoors, or to wear in public costumes that might be considered objectionable from the standpoint of propriety.

THE VIBRATILE FOR DEAFNESS AND NERVOUS TROUBLES

IS STRICTLY A PHYSICIAN'S INSTRUMENT.

A Perfect
Mechanical Massage.
That is
Up-to-Date.

Any dry or wet battery of 3 volts strength and 3 to 10 amperes may be used to furnish power—or Edison 110 volt commercial current with 32 power candle lamp in series for resistance.

Has the endorsement of over 1,000 physicians as being the very best surface instrument for the **Special Treatment** of Tinnitus-Aurium: Otitis-Media and similar troubles.

The exceeding rapidity of the vibrations produced by the instrument quickly restores to functional activity all the delicate organism of the ear. The VIBRATILE is also indicated in cases of Nervous Headache, Neuralgia, Muscular Rheumatism, Insomnia and Chorea. Vibrates 5,000 a minute. Is under perfect control—switch regulates the vibrating tongue. Every physician can use the VIBRATILE to advantage and should at least investigate. A postal will bring you our booklet. We make a SPECIAL VIBRATILE for OCULISTS who use it in Glaucoma. We also make Faradic Batteries (on order), giving interruptions from 1 to 2,000 per second—voltage 2 to 5.

DRY HOT AIR

The SPRAGUE METHOD and APPARATUS
for its employment in the Curative Art.

Hot air, unless freed from moisture, is a depressant. HOT, DRY AIR is exhilarating and restorative. To be of value as a therapeutic agent it must be HOT and DRY in the initial, and so maintained throughout the treatment.

The SPRAGUE DRY HOT AIR APPARATUS stands pre-eminently ALONE, as SAFE, DURABLE AND EFFECTIVE.

Patents have been granted us by the United States, Canadian and many European governments for the exclusive right to manufacture, use and sell apparatus for, and the METHOD of treating human diseases, wherein Dry Hot Air is generated and maintained above the boiling point of water (212 degrees F). These rights will be protected.

Pamphlets illustrating the different forms of apparatus manufactured by us, detailing their advantages, together with other literature bearing upon the subject, will be mailed free on application.

SPRAGUE APPARATUS CO.,

33 W. 42d Street, MANHATTAN, NEW YORK CITY.

Hospitals for the exemplification of the work have been established as follows:

SPRAGUE HOSPITAL, 33 W. 42d Street, NEW YORK CITY.

Grand Trunk — **For Niagara Falls, Toronto, Montreal, Portland, & Railway System. Canada and the East.**

THE CORWIN SANATORIUM.

The central idea of this Sanatorium is the comforts and freedom of a home and the conveniences of an institution having facilities for aseptic surgical work, as well as the therapeutic resources of eliminative and invigorating baths and massage.

Special attention is given to the dietetic value of foods and the art of preparing them.

Physicians entrusting their patients to our care are assured of the strictest professional courtesy.

Binghamton has a reputation second to none for attractiveness and municipal improvements.

The city is reached by the Erie, Lackawanna, Syracuse, Utica and Albany railroads, and is six hours' ride from New York city.

The expenses are regulated by the needs of the patient with special rates for clergymen, physicians and convalescents.

ANTINARCOSINE

The "FOUR TO EIGHT-DAY" TREATMENT FOR

Narcosis or the "Drug Habit."

RADICAL.

RATIONAL.

SCIENTIFIC.

As Diphtheria, Hydrophobia, Syphilis, Malaria, or Pain itself, may be and are cured by Antitoxinizing, Pasteurizing, Iodo-mercurializing, Quininizing, or Morphinizing the patient; just so may NARCOSIS be cured by Antinarcosinizing the patient.

Cure guaranteed in four to eight days. In event of failure will make no charge for board or treatment, and in addition will pay patients' railroad fare both ways from any part of the United States.

Theory, nomenclature, nosology and treatment the latest, and best. For particulars address

COSMOPOLITAN SANITORIUM

Located in the Beautiful City of Atlanta, Ga.

It has an elevation of 1,100 feet above sea level, combining a climate free from malaria, cool and delightful in summer, mild and agreeable in winter and the choicest of southern cities as a health resort and place of residence. Here patients suffering from melancholia, neurasthenia, painful, nervous and rheumatic affections, paralysis, anæmia and adynamic conditions will find an institute provided with all modern methods best adapted for the treatment and cure of such diseases; including baths, massage and every form of electricity used in Electro-Therapeutics.

The Cosmopolitan Sanatorium is under the supervision and personal direction of Dr. Wm. Benham Snow, late instructor of Electro-Therapeutics in nervous diseases in the New York Post Graduate Medical College.

WM. BENHAM SNOW, M. D., Medical Superintendent.

MARY L. H. ARNOLD-SNOW, M. D., Medical Assistant and Microscopist.

C. A. CARTLIDGE, M. D., Assistant Physician in Surgery.

L. C. BELL, Business Manager.

The Practical Arm and Hand

is a new departure in prosthetic appliances which meets the wants of the patient and receives the enthusiastic support of the surgeon wherever known.

It is the only efficient and practical substitute for a missing arm, giving perfect satisfaction and enabling the wearer to follow all ordinary occupations.

THE ROBINSON TURKISH BATH CABINET

CURES DISEASES WITHOUT MEDICINE. RECOMMENDED BY BEST PHYSICIANS for cure of colds, catarrh, asthma, la grippe, typhoid and other fevers, rheumatism, liver and kidney troubles, neuralgia, skin diseases and obesity. Soothes the nerves and prevents sickness. Gives a beautiful complexion.

A. F. Heron, Bowling Green, O., says:

"After having been at Hot Springs and Mt. Clemens under treatment for rheumatism, with but little good results, I purchased one of your Cabinets, and after using it one week I felt better and freer from pain than after all the time spent at above named places.

Dr. Albert F. McVety, F. O. S.,

Edinburgh, Scotland, says:

"Robinson's Thermal Bath Cabinet fills a long-felt want, as it is a most valuable adjunct in the practice of medicine. Every physician should know the value of an alcohol sweat bath."

A Turkish, Vapor or Hot Air Bath FOR 2 CENTS.

It opens the pores and sweats all the blood, soothes the tired nerves and gives strength and vigor. It prevents sickness by keeping the blood pure and healthy.

ONE BATH CURES A COLD

The Vapor Bath has no equal for cure of catarrh, throat and lung troubles.

Don't Be Swindled

by imitations of the Robinson Cabinet. We have suits pending against several infringers of the Robinson Patents. We have agencies in most cities, where our Cabinet can be seen, or it will be sent with privilege of examination, if desired.

\$2.00 Book Free to Patrons. This book contains 100 pages of valuable information; explains fully the course of treatment that should be followed for different diseases. Prof. Robinson spent several months last year in Europe investigating the treatment of diseases at the leading Hot Springs, and the information he gathered is contained in this book. Catalogue and Samples of goods mailed free.

AGENTS WANTED—Write at once for special terms to physicians. We have over 500 hospitals and 25,000 physicians using and endorsing our Bath Cabinets. Recommend the Cabinet to your patients for all chronic ailments.

Surgical and Gynæcological Sanitarium.

475 Poplar Street, MEMPHIS, TENN.

The building is large, well ventilated and thoroughly heated, being especially adapted for infirmary work with a capacity of 40 beds. It is located in a beautiful grove of four acres in the heart of the city. It is thoroughly equipped with every modern appliance, including Electric and Vapor Baths, and a separate apartment is reserved for the treatment of nervous and mental disorders of not too violent a character. Kind and skillful nurses are in constant attendance.

McCRAY REFRIGERATORS

for Private Residences, Hotels, Clubs, Public Institutions, Markets, Groceries, Produce and Wholesale Meat Dealers, etc.

The McCray Refrigerators Speak for Themselves.

More physicians, prominent men and public institutions are purchasing McCRAY REFRIGERATORS than any other.

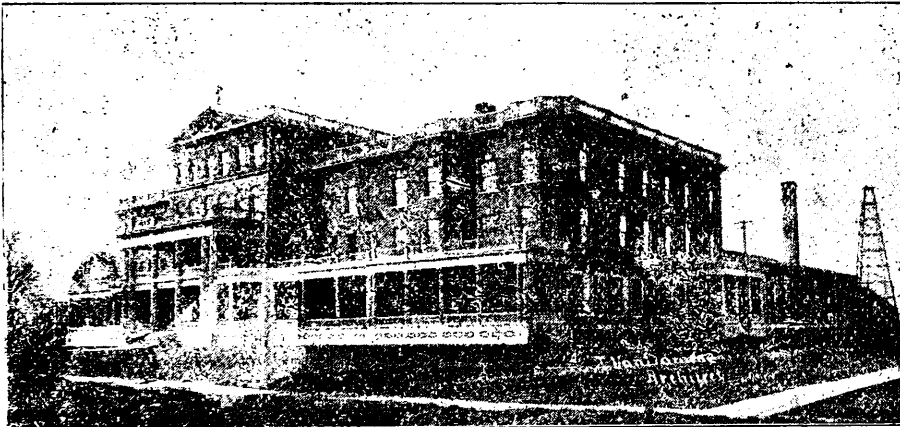

The first illustration shows a type recently built especially for the Hon. Ben. T. Cable, of Rock Island, Ill. It is Porcelain Tile Lined, and has our convenient device for being iced from outdoors.

In this refrigerator the entire department to the right is intended for meats; the compartment below the ice chamber, for bottled goods, wines, etc.; the lower compartment to the left for butter and milk; and the upper department for vegetables.

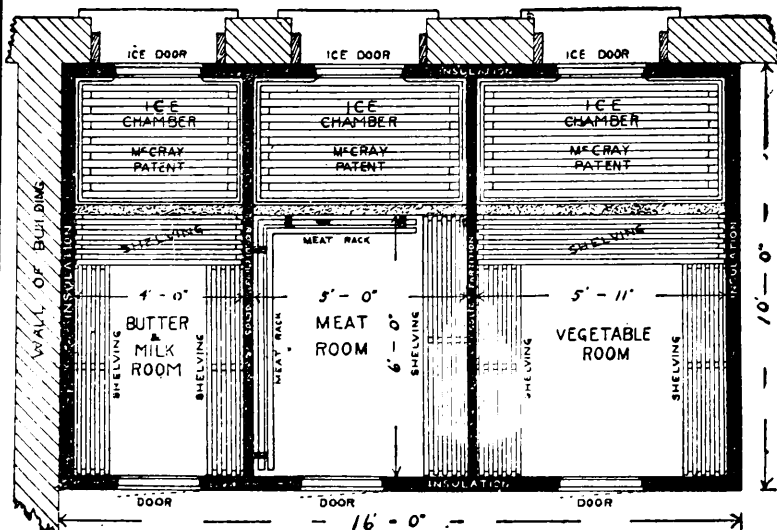

Built to order for HON. BEN. T. CABLE, Rock Island, Ill.

St. Joseph Sanitarium

located at Mt. Clemens, Mich., under the charge of the Sisters of Charity of Mt. St. Joseph, Cincinnati, Ohio, equipped with three large McCRAY COOLING ROOMS, each cooling room having a separate and distinct ice chamber arranged to be iced from outside of building.

ST. JOSEPH SANITARIUM, MT. CLEMENS, MICH.

PLAN OF COOLING ROOMS AT ST. JOSEPH SANITARIUM.

Under date of Dec. 12th 1899 the Sisters of Charity wrote us as follows:

"The large cooling rooms placed in St. Joseph Sanitarium by you, have, during the time we have used them, proven very satisfactory, articles placed in the departments keeping perfectly dry and sweet. The interior is very conveniently arranged, with separate departments for butter, milk, meats, fruits and vegetables. Your icing from the outside is another very desirable feature in the way of cleanliness which is very much appreciated by all. It is quite a pleasure to show and explain your cooler and system to all callers."

Let us send catalogues and estimates.

Read what the Chemist, Mr. T. W. SMITH, says of the Mineral Well Water used at this Institute:

Dr. W. Hampton Caldwell.

December 7, 1899.

Dear Sir:—I have analyzed the sample of well water you left with me and found it to contain the following minerals: Calcium Carbonate, Calcium Sulphate, Sodium Chloride, Pottassium Chloride, Iron Oxide, Magnesium Sulphate large quantity.

Each gallon of water contains 123 grains of the above salts, thus making it a mild laxative. It possesses such medicinal properties as to make it very beneficial in cases of stomach and liver troubles and affections caused by such disorders.

W. H. CALDWELL, M. D.
W. H. SWISHER, M. D.

Yours truly,

T. W. SMITH, Chemist,
23 W. Ohio St., Indianapolis, Ind.

The Thermo-Ozone Generator

is composed of several different metals finely pulverized with gas carbon and enclosed in a case. A force is produced by a difference of temperature between the device and its electrodes. After ten years' experience and thousands of letters from physicians it has been found that this force decomposes water at the positive end and sets free its oxygen, transfusing this as well as ozone (allotropic oxygen) and medicine into the blood circulation or parts diseased.

This direct treatment of sending medicine unaltered into diseased tissues must soon end stomach medication and its errors and failures. The medical evidence is even cumulative, that now, for the first time,

Locomotor Ataxia, Sclerosis of the Liver. Enlarged Prostate Fibroid Tumors and many other believed incurable diseases can be successfully treated.

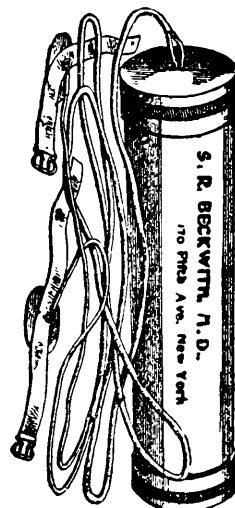

After devoting nearly fifty (50 years to the practice and college teaching of surgery, I am desirous of introducing the discovery to the medical profession and sell it to them at about cost—\$5.00.

We publish a pamphlet of 80 pages. illustrated, sent on request.

I have just prepared a new Therapeutics of 300 pages and sell it to the profession for \$1.00 per copy.

The discovery is well worth the attention of every physician and each one should send for the pamphlet, which describes the principle involved in the discovery and its philosophy of cure and results.

Giering's Medical Institute and Sanitarium,

1603 E. Baltimore St., BALTIMORE, MD.

A MODERN INSTITUTION FOR THE TREATMENT OF ACUTE AND CHRONIC DISEASES
WHERE HOME COMFORTS ARE DESIRED.

Each room is isolated, strictly private and is equipped with the most modern improvements in hygienic furniture, where the comforts of the sick are considered second only to their speedy recovery.

The department devoted to the diseases of women is under the personal supervision of Dr. Anna Giering, whose vast and phenomenally successful experience in both medicinal and chirurgical gynecology has gained for her a reputation envied by many. The obstetrical cases are also under Dr. Anna Giering's direct care.

Within the past year a special annex has been built to the sanitarium for the treatment of consumption, catarrh, hay-fever, bronchitis, etc. Dr. Robert Xavier Giering, who has charge of this department, has had a large range of experience in these diseases, and has to his credit records of many remarkable cures.

The other departments have in attendance specialists in their several lines, which include diseases of children, diseases of the stomach, liver and kidneys, diseases of the eye and ear, diseases of the nervous system, diseases of the circulatory system, dermatology, and correction of deformities, etc., etc.

The institute is thoroughly equipped with all kinds of baths (including electrical), and the mechanical appliances used for the different diseases include air-ozonating machines, pneumatic masseurs, nebulizers, X-ray and static, galvanic and faradic electrical apparatuses. The chemical laboratory is under the supervision of Mr. N. van Wert Wright, B. S.

Dr. Anna Giering is at the head and her staff includes

MARY GIERING, M. D., ANNA WEISSEMAN, M. D., R. X. GIERING, M. D.,

BRIGGS'
PRIVATE INFIRMARY
 FOR THE
Treatment of Surgical Diseases.

(ESTABLISHED 1891.)

It is situated at the CORNER OF COLLEGE AND PEABODY STREETS, in the highest and HEALTHIEST PORTION OF THE CITY, and is accessible by two lines of electric cars. The buildings are new and attractive, separate houses for male and female patients, and have been fitted up with all modern conveniences. The rooms are heated by steam and open grates, and provided with electric bells and electric lighting apparatus.

Special pains have been taken to perfect the operating room, so that surgical operations can be done with the strictest regard to aseptic and antiseptic requirements. Trained nurses and excellent servants are in attendance. Rates of board reasonable.

PRIVATE LYING-IN INSTITUTE

541 Third Street, MILWAUKEE, Wis.

This Institute may more appropriately be called private home for ladies during the state of pregnancy and confinement. It is the only one in Milwaukee which is conducted by a regular physician. It not only offers the same accommodation to married women during labor as they could enjoy while awaiting the time of their delivery in a household of their own, but it also affords the unfortunate a place of refuge and seclusion.

The various appointments and accommodations are excellent, and the board of the very best, and will be furnished in separate rooms if desired, thereby insuring the strictest privacy.

This Institute is not connected with any school; no annoyance by students. Homes provided for infants if so desired, and motherly attention is given everybody.

All communications from physicians requesting information will be received and answered with pleasure. Respectfully,

EDW. C. SCHNITTKER,

Ph. G. M. D., Resident Physician.

DOCTOR, LOOK HERE.

The Ralston Patent Bed Warmer "fills a long felt want" in the matter of warming beds in homes, sick rooms, hotels, hospitals and sanitariums, by means of heated water. It is also very efficient for warming feet in buggies and sleighs. The above cut gives its shape, and it is usually made of sheet copper; the medium size holds six quarts, but it may be made larger or smaller to suit colder or warmer climates. The water used is heated within the Warmer on almost any stove, no change of water is required, but the same water may be used continuously. The invention combines convenience, efficiency, economy, safety and durability; in this it has no equal in this or any other country, State, City and County right for sale. Patented 121897, by W. G. Ralston, M. D., Evansville, Ind.

THE HAMMOCK INVALID FOLDING BED

The hammock feature is one of the most valuable of the many good points of this bed, facilitating the change and airing of bedding, giving the patient the relief of being lifted from a heated mattress to a cool and comfortable hammock, securing perfect ventilation of the body and preventing bed-sores. The circular opening in the hammock enables the use of a chamber without inconvenience. In fact this bed is a revelation to the weary invalid, being invaluable in the treatment of all acute and Chronic Diseases, Paralysis, Rheumatism, Consumption, Continued Fevers, Heart Disease, Fractures and other severe injuries and surgical operations.

Illinois Training School for Nurses

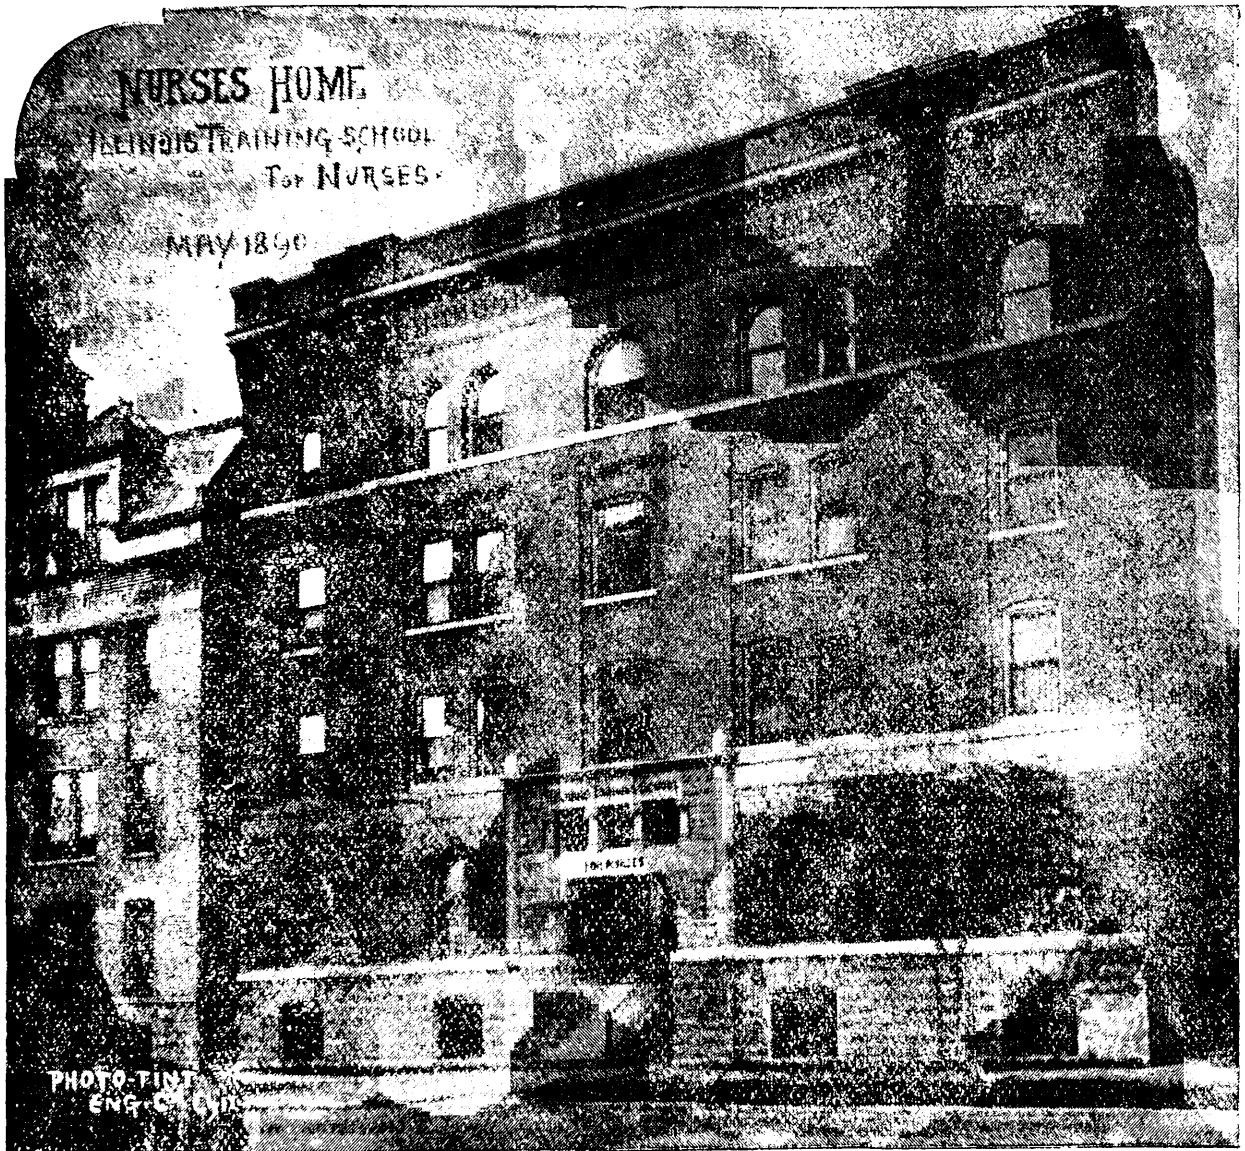

CONNECTED WITH

Cook County and Presbyterian Hospitals,

304 HONORÉ STREET,

Incorporated and Established 1880.

CHICAGO, ILLINOIS.

The Board of Directors offers a three years' course of training to women who desire to enter the profession of nursing. The course of training comprises practical work in the wards, theoretical work in class and lecture rooms, and cooking lessons; being divided into Junior, Middle and Senior years.

The facilities for imparting theoretical and practical training to nurses are thorough and complete in all departments, including instruction by the ablest professors from different medical colleges, and the daily care of nearly one thousand patients in medical, surgical, obstetrical, gynecological, children's and contagious wards. Applications for admission must be made to the Superintendent, 304 Honoré Street, Chicago, Illinois.

MRS. J. M. FLOWER, President of Board of Directors.

DR. D. L. L. YOST, Fairmont, West Virginia, U. S. A. Special Treatment in Chronic Diseases.

DR. D. L. L. YOST, M. D.,
SPECIALIST

225 JEFFERSON ST., FAIRMONT, WEST VIRGINIA.

Retiring from the general practice with benefits of its advantages and that of mature years of experience, I will devote my service to that of a special practice in Nervous and Chronic Diseases. I have permanently located in this progressive Mountain City, and will conduct a Medical Sanitarium and Special Dispensary.

We have now arranged a course of treatment for Chronic and Constitutional Diseases, treated through the mail and express, for those who cannot visit here. Write for consultation blank, a list of printed questions that outlines Physical and Temperamental Description of our patient, including hereditary and acquired ailments—tendencies to certain diseases.

When answered, this original plan of diagnosing diseases makes it almost equal to personal interview. Our special courses of post-graduate work; advantage of hospital service and exchanging methods with different Specialists affords opportunities to best select from allopathic, eclectic, homeopathic and electro-therapeutic systems of medicine, discarding all fads, fancies and hobbies that are not ethical. Our Cabinet, Galvanic, Faradic and Static electrical apparatus, including X-Ray outfit, and use of microscope in our laboratory, aid certainties in medicine, and are open to any mutual co-operative service of fellow practitioners. Correspondence invited with Specialists or those wishing to take up a paying specialty, and any entrusting cases to us for the advantages we offer them. When writing for treatment, give extent of course desired. Terms and rates reasonable. Address as above.

The Gillespie Sanitarium for Diseases of Women.

The necessity for Hospital or Infirmary care and advantages in this and surrounding country has induced me to establish a Sanitarium.

Physicians who desire to treat, or have treated, such patients as cannot be properly attended home, will find this institution all that can be desired.

The building is suitable in every particular to insure the most scrupulous regard for hygienic advantages. The surrounding country is salubrious, and the immediate vicinity picturesque, lovely, and supplied with the greatest abundance of the most wholesome, sparkling water to be found in any part of the State.

Professional aid, trained nurses, and all modern advantages, including a full equipment for electrical treatment, assured. For further information, address

The Keeley Cure

ONLY KEELEY INSTITUTE
IN WISCONSIN.

DO YOU KNOW WHAT IT DOES?

It relieves a person of all desire for strong drink or drugs, restores his nervous system to its normal condition, and reinstates a man in his home and business. The value of the Famous Waukesha Water, as an aid to the Keeley Remedies in eliminating the poisons of alcohol and drugs from the system is acknowledged to be great, and gives the Waukesha Institute a decided advantage over other Keeley Institutes. One of the best springs in the city is on our grounds, and free to our patients. For full particulars, address

DERMAPURINE.

DERMAPURINE has been employed with great satisfaction in all forms of pruritus. In pruritus ani and vulvae, it has proven to be a most efficient remedy. In eczema (especially if there is itching) it has given most satisfactory results. DERMAPURINE is indicated in all parasitic infections of the skin, as in scabies of the animal and tinea tonsorans, pityriasis versicolor and tinea favosa, etc., of the vegetable parasites.

DERMAPURINE has been prescribed very extensively to remove pigmentary deposits, such as lentigo or freckles, chloasma, moth or liver spots, and has brought about most happy results.

In disorders of the excretions or excretory functions of the skin, such as seborrhoea or dandruff, comedo or blackheads, hydrosis or excessive sweating (excessive sweating of the hands and feet, for instance) and seborrhoea oleosa or greasy coating of the skin or scalp, it has proven to be a most active agent.

A number of cases have been reported in which DERMAPURINE has completely wiped out large crops of small warty growths in a very short time.

Physicians who have employed it to prevent syphilitic eruptions speak very highly of it.

DERMAPURINE SOAP is prepared from the purest oils and chemicals. The various ingredients which enter into the composition of this soap are put together with such scientific exactness that it is impossible for any excess of Alkalies or oils to be left in the free state.

HEMA-PURINE PILLS.

This is a specific for Amenorrhoea. Chlorosis, Anemia, Glandular Enlargement due to any cause. Syphilis will yield to this remedy, when ordinary treatments fail. Send for formula and literature to

HERMITAGE INFIRMARY

For Women and Surgical Diseases.

449 ELM STREET, DALLAS, TEXAS.

Gynæcological and Abdominal cases are allotted the entire upper floor with private bath and toilet, while the administration floor is devoted to General, Orthopædic and Surgical Diseases of Children.

SAMUEL E. MILLIKEN, M. D., Chief of Staff.

DR. McMUNN'S ELIXIR OF OPIUM.

An Invaluable Discovery in the Preparation of Opium.

It contains all the valuable medicinal properties of Opium in natural combination, to the exclusion of all its noxious, deleterious, useless principles upon which its bad effects depend. It possesses all the sedative, anodyne and antispasmodic powers of Opium. To produce sleep and composure; to relieve pain and irritation; nervous excitement and morbid irritability of body and mind; to allay convulsive and spasmodic actions, etc.; and being purified from all the noxious and deleterious elements its operation is attended by no sickness of the stomach, no vomiting, no costiveness, no headache, nor any derangement of the constitution or general health. Hence its high superiority over Laudanum, Paregoric, Black Drop, Denarcotized Laudanum, and every other Opiate preparation.

CAUTION.—On account of its large sale, spurious articles are offered in bulk. The genuine is sold only in vials of about 7 drachms, with yellow wrappers and signature of Jno. B. McMunn.

DOCTOR! THIS IS WORTH KNOWING.

THE J. C. SCHNOTER SUSPENSORY BANDAGES.—It is a well-known fact that many suspensory bandages on the market are not manufactured on hygienic or correct surgical principles at all. They lack shape, and therefore are useless as a support. Some are made of cheap colored material, causing as a result eczematous scrotal eruption. Some are made, on the other hand, of so thin a material that, after being worn for a day or two, stretch to such an extent as to be perfectly valueless. There is a firm in New York, however, who have for many years made a suspensory bandage, WHICH IS A BANDAGE, and which has secured for the firm the endorsement of the medical profession. The house referred to is J. C. SCHNOTER CO., of 523 Sixth avenue, New York City. This company builds every appliance on true and correct surgical principles, so that it is little wonder that they have attained to the position of confidence already reached."—*Canadian Journal of Medicine and Surgery*, September, 1899.

The Celebrated Schnoter's Suspensories are for sale by all the leading Wholesale and Retail Druggists in the United States and Canada. They can also be obtained direct from headquarters.

(See page 2339.)

Manufactured solely by the J. C. SCHNOTER CO., New York.

The Journal of Scientific Medicine

Is neither the oldest nor the best monthly—but it is one liked by its many readers, because the editor endeavors to offer practical matter, useful to the general practitioner, free from prejudice and bias, and expounding RATIONAL medicine.

ESTABLISHED 1870.

J. C. SCHNOTER'S
ARMY AND NAVY SUSPENSORY.

J. C. SCHNOTER'S KNITTED SUSPENSORIES

Are the only perfect ones on the market. The pouch being seamless is elastic, easily adjusted, making a delightful support; perfectly constructed for comfort and recreation. A permanent relief for Varicocele (Circocoele), Hydrocele, etc. The only Hygienic Suspensories that have the full indorsement of Physicians and Surgeons. Nothing but the best and purest of materials are used in their construction. These bandages have stood the test of the entire world since 1870, and still lead as the best, despite the many worthless imitations that have sprung up since. Little was known of any other make at that time.

Are You Aware that inferior goods are being imposed upon unsuspecting people as being the Celebrated Schnoter's Suspensories? Now we Caution you against buying any Suspensory Bandages except those bearing our name, and the inventor's initials (J. C.) before the name of Schnoter on every box and bandage. They are for sale by all the leading Wholesale and Retail Druggists throughout the United States.

Manufactured solely by the

THE WINDSOR HYDRIATIC INSTITUTE,

51 WINDSOR AVE.,

Near Corner Euclid and Case Avenue,

CLEVELAND, O.

The purpose of this institution is to enable physicians to make use of all hydrotherapeutic measures as well as massage, Swedish movements, hot air and electricity in the treatment of their cases. While the institution is under the general direction of Dr. C. Sihler, every reputable physician has the same privileges and can direct fully the course of treatment of any patient he may direct there. Eight patients can be accommodated with rooms. Patients requiring treatment without rooms are equally welcome; also those who want a room without baths. The head-nurse, Mrs. F. Berkei, received her training in Dr. Baruch's Institute, and the Riverside Baths, New York City.

THE NEW ANIMAL THERAPY

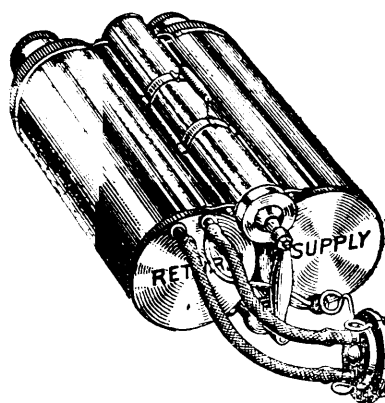

FORMULA—Following ingredients taken from 5-months-old goats; contents of lymphatic glands, ducts, etc.; extracts from lymphatic glands, cerebrum, medulla, cord and testicles; also semen from 2-year-old bull's testicles. All ingredients taken before and immediately after death, and kept indefinitely in an active condition.

Used in certain chronic diseases, especially functional and organic diseases of nervous system, chronic articular rheumatism and other chronic diseases characterized by infiltration or degeneration, atrophy, overgrowth connective tissue and retarded nutrition.

THE ROBERTS-LYMPH COMPOUND and THE ROBERTS-HAWLEY LYMPHS.

Statistics, Journal of the Am. Animal Therapy Association and other literature may be obtained from the Medical Director of the Association.

SIPHO. Surgical Pump and Aspirator.

OPERATED WITH COMPRESSED AIR
AND VACUUM SUCTION.

Consists of two cylinders made of glass or planished copper, with air pumps between to create compressed air in one cylinder and vacuum suction in the other. Has a vaginal nozzle, made of flexible rubber that meets the approval of all physicians. Open a valve and the compressed air forces the liquid from one cylinder with spray through top of nozzle. The vacuum sucks it back to the other cylinder. All done without a drop of leakage, and with no need of rubber blanket, bed-pan or other protective device. This is the *ONLY effective SYRINGE*—the only one that any physician will use when its value is known. Is a very important adjunct to successful gynecology. Send to-day for our booklet.

LAWSON SUSPENSORIES.

These are goods which have captured the New York market. The business is run and owned by a regular physician in active practice, and bandages can be relied upon for shape, fit, materials and workmanship. They are made in all the desirable styles and of all sizes. These goods have not yet been pushed outside of New York City, and we want a selling agent in every city, to whom we will allow a liberal discount. Our best silk knitted Army and Navy style, \$1.00 post-paid. Our best plain silk, 75 cents. Send for complete prices.

We also make fine grades of seamless Underwear and Stump Stockings.

RED CROSS "PERFECTION" CLINICAL THERMOMETER.

LIFE or DEATH often depends upon the use of a perfectly reliable Clinical Thermometer. Will your conscience prompt you to use a cheap article in a matter of such moment?

To avoid all uncertainty use the RED CROSS PERFECTION Clinical Thermometer; it is positively the best made, and we are willing to stake our reputation upon it.

None genuine unless our trade-mark (a RED cross, with the word PERFEC-TION) is etched thereon. Not the cheapest, but the best for the money.

Price, \$1.50 each with certificate.

If your druggist or surgical instrument dealer does not handle them, write direct to us.

1 HUNDRED THOUSAND COPIES.....

In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. (See pages 34, 35, 36.)

THE HOFFMAN METHOD FOR DRUG AND DRINK ADDICTION.

In a brochure, bristling with original research and valuable information, and written solely for the medical profession, Dr. Hoffman maintains Addiction to be a disease easy of cure. The Doctor is a regular physician of high professional and social standing, a graduate of several European and American Medical Colleges and has made Addiction his sole study for thirty years. The fact that three-fourths of his patients are physicians proves the high esteem his method has gained among the medical profession.

A copy of the brochure is offered free to the specially interested. Enclose 2c stamp to cover postage.

TURKISH BATHS, MASSAGE AND ELECTRIC TREATMENT

OFFICE HOURS : 10 A.M. to 10 P.M. Special attention given to Ladies and Children.

I have had a practical experience, covering 30 years, in the manufacture of extension shoes. During that period I have had as patrons thousands of the most prominent people in St. Louis, and from all parts of the globe. I also make shoes to order for weak ankles, and, in fact, every deformity or freak of nature of the foot.

Send or write for catalogue giving full particulars.

UNIVERSITY OF MICHIGAN. HOMŒOPATHIC MEDICAL COLLEGE.

LECTURES COMMENCE LAST TUESDAY IN SEPTEMBER EACH YEAR.

SPECIAL ADVANTAGES.—The SPECIAL advantages which this department offers to medical students may be summed up as follows: ITS LONG, THOROUGH AND GRADED COURSE OF STUDY; ITS LOW FEES AND INEXPENSIVE COST OF LIVING; ITS MAGNIFICENT AND THOROUGHLY EQUIPPED LABORATORIES; ITS NEW, COMMODIOUS AND WELL-EQUIPPED HOSPITAL; ITS CORPS OF SALARIED PROFESSORS AND INSTRUCTORS; ITS ASSOCIATION WITH THE GREATEST UNIVERSITY ON THIS CONTINENT, whose diploma is known, honored and recognized the world over, and which gives its possessor superior standing in, and commends him to the people of any community.

THE HOMŒOPATHIC HOSPITAL.—The new Homeopathic Hospital to be opened October 1st, 1900, is provided with a corps of trained nurses, large, airy and well-lighted wards for male and female patients, private rooms for special patients, marble operating rooms for aseptic surgery, dispensary, etc., all under the immediate direction of the Faculty.

ANATOMICAL LABORATORY.—The anatomical laboratory is admirably adapted for its purpose; the rooms are large, well-lighted and well-ventilated.

CHEMICAL LABORATORY.—The chemical laboratory provides thorough instruction and suitable appliances for the practical study of all branches of medical chemistry.

PHYSIOLOGICAL LABORATORY.—The apartments provided for the physiological laboratory offer excellent facilities for prac-

tical work, whether of class instruction or original investigation.

HISTOLOGICAL LABORATORY.—The histological laboratory is well supplied with microscopes, microscopical accessories, microtomes, imbedding apparatus, and other instruments used in histological work.

PATHOLOGICAL LABORATORY.—The work in this laboratory comprises an elementary and advanced course. It includes all ordinary practical work in connection with the study of the processes of disease as seen with the microscope.

HYGIENIC LABORATORY.—There is a large room devoted to bacteriological work, which contains all the improved apparatus employed by Koch. All the known pathogenic and the most important non-pathogenic germs are studied.

PATHOGENETIC LABORATORY.—A laboratory of experimental pathogenesis has been established in the Homeopathic building on the campus. This laboratory is equipped with the necessary apparatus for experimentation with medicinal substances on the healthy human body. This is a special feature of the school. Proving will be made, and each student will be required to do a certain amount of original work and research in the pathogenic field. A complete course in Homeopathic pharmaceuticals will also be given in this laboratory.

THE GYMNASIUM.—The gymnasium is 152 feet long by 124 feet wide, while the administration rooms have an area of 82 feet by 32 feet, with a wing for the ladies' gymnasium, in addition. It is open to students of all departments.

Men and Women Admitted on Equal Terms.

PHYSICIANS' FOOT PUMP * DOUBLE CYLINDER AUTOMATIC FOOT PUMP

Including five feet of black tubing with a 20th Century No. 5 Nebulizer and a bottle of Solution No. 21, retails only \$5.00. A powerful continuous spray (like smoke) is produced. (See page in Pennsylvania Physicians.) E. STEVENS, PROP. THE GLOBE CO., PHILADELPHIA, PA.

1 HUNDRED THOUSAND COPIES.....

In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. (See pages 84, 85, 86.)

PHYSICIANS' FOOT PUMP * DOUBLE CYLINDER

including five feet of black tubing with a 20th Century No. 5 Nebulizer and a bottle of Solution No. 21, retails only \$5.00. A powerful continuous spray (like smoke) is produced. (See page in Pennsylvania Physicians.) E. STEVENS, PROP. THE GLOBE CO., PHILADELPHIA, PA.

SPECIAL OFFER.

AS it is impossible to form an idea of the beauty and cheapness of "Saunders' Medical Hand-Atlases" without an opportunity to examine them, we make the following offer: Any one of the Atlases will be sent post-paid upon request. If you wish to retain the book remit the price; if not, return the book. (See pages 34, 35 and 36.)

PHYSICIANS' FOOT PUMP * DOUBLE CYLINDER

including five feet of black tubing with a 20th Century No. 5 Nebulizer and a bottle of Solution No. 21, retails only \$5.00. A powerful continuous spray like smoke, is produced. (See page in Pennsylvania Physicians.)

E. STEVENS, PROP. THE GLOBE CO., PHILADELPHIA, PA.

**Adopted by the
U. S. Army...**

As an indication of the great practical value of "SAUNDERS' MEDICAL HAND-ATLASES," it should be noted that the Medical Department of the U. S. Army has adopted the Atlas of Operative Surgery as its standard, and has ordered the book in large quantities for distribution to the various regiments and army posts. (See pages 34, 35, 36.)

1 HUNDRED THOUSAND COPIES.....

In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. (See pages 84, 95, 96.)

SCIATICA.

Senator John W. Mix, Yalesville, Conn., writes: "Sciatica had literally brought me to death's door. In less than 30 minutes after applying Oxydonor, circulation was re-established, and immediate relief and subsequent cure came." **DR. H. SANCHE & CO., 61 Fifth St.,** Detroit, Mich., New York, N. Y., and Chicago, Ill., U.S.A. Canada Office: Montreal, Que. (See page 16.)

PHYSICIANS' FOOT PUMP

DOUBLE CYLINDER
AUTOMATIC FOOT PUMP

including five feet of black tubing with a 20th Century No. 5 Nebulizer and a bottle of Solution No. 21, retails only \$5.00. A powerful continuous spray (like smoke) is produced. (See page in Pennsylvania Physicians.) E. STEVENS, PROP. THE GLOBE CO., PHILADELPHIA, PA.

**Adopted by the
U. S. Army...**

As an indication of the great practical value of "SAUNDERS' MEDICAL HAND-ATLASES," it should be noted that the Medical Department of the U. S. Army has adopted the Atlas of Operative Surgery as its standard, and has ordered the book in large quantities for distribution to the various regiments and army posts. (See pages 34, 35, 86.)

WRITE FOR THE REVISED FORMULAE FOR 1900 AND 1901.
 Nose, Ear, Throat and Lung Solutions for use with Nebulizers, Vaporizers, Atomizers,
 Multi-Nebulizers, Inhalers, etc. **E. STEVENS, PROP. THE GLOBE CO.,**
 (See page in Pennsylvania Physicians.) **LIBERAL DISCOUNTS.** **PHILADELPHIA, PA.**

**Adopted by the
U. S. Army...**

As an indication of the great practical value of "SAUNDERS' MEDICAL HAND-ATLASES," it should be noted that the Medical Department of the U. S. Army has adopted the Atlas of Operative Surgery as its standard, and has ordered the book in large quantities for distribution to the various regiments and army posts. (See pages 84, 85, 86.)

1 HUNDRED
THOUSAND
COPIES.....

In view of the unprecedented success of the "SAUNDERS MEDICAL HAND-ATLASES," Mr. Saunders has contracted with the German publisher for 100,000 copies of these books. In consideration of this undertaking, the publisher has been enabled to prepare special additional colored plates, making the series even handsomer and more complete than was originally intended. See pages 34, 35, 36.

LOOSE LEAF ACCOUNT BOOKS

Enable you to Increase the Volume of Your
Business Without Correspondingly Increasing
the Expense in Your Accounting Department

DOES OUR PERPETUAL LEDGER SAVE YOU MUCH TIME?

3427 Bookkeepers who had used our books more
than one year were asked this question.
3396 of them replied in the affirmative.

Leaves are held in a vise-like
grip when Binder is closed

THE PERPETUAL LEDGER

A LEAF MAY BE EASILY INSERTED OR REMOVED FROM ANY PORTION OF THE BINDER
WITHOUT DISTURBING THE BALANCE

ADVANTAGES OF OUR SYSTEM

PERPETUAL

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

ALL ITEMS OF AN ACCOUNT

Are kept together, no matter what length of time the account covers, or how active it may be.

ALL ACCOUNTS ONLY

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

QUICK REFERENCE

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

SAVES TIME POSTING AND BALANCING

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

ARRANGEMENT OF ACCOUNTS

Can be had as to locality, by states or salesman's territory, in alphabetical order, or as to time of opening, or activity.

NO SPACING NECESSARY

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

LESS LIABILITY FOR ERROR

Accounts are more surely located and with one account on each leaf the proper space is readily found.

EXPANSIVE

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

EASILY HANDLED

As both sides of the leaf are used for each account, a much smaller sized book can be used.

ACILITY

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

CONVENIENCE

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

SIMPLICITY

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

ADAPTABILITY

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

ECONOMY

In every case it costs far less in the long run — less in material — less in time — less in labor.

Over 5,000 Bookkeepers now Using our Ledgers Testify to these Points of Superiority.

SPECIAL LOOSE LEAF SYSTEMS

FOR THE PURCHASING DEPARTMENT

Requisition Order Systems in Manifold, Quotation Record, Cost Book, Purchase Record, Stock Report, Perpetual Invoice Filing System

By the use of a number of these systems in combination, we not only accomplish what you now secure with your present methods, but in addition we give you an absolute check and instant reference as to goods ordered, en route and received; instant and accurate information as to the amounts owing; absolute certainty that accounts are correct, as you work with the 'O. K.'d invoice itself and not with figures three or four times transferred from the original invoices; the assembling of all invoices for any one firm in one place; an absolutely flexible system that will work just as well with 50 as 5,000 accounts, which will save 25 to 50 per cent of the amount of work done at present.

FOR THE SALES DEPARTMENT

Order Blank System, Binders, Holders and Blanks; Manifold Order Books and Blocks

We can create an Order System, suitable to any business, whereby the original order can be used for filing, shipping, billing and charging the order, and thereby eliminate all journalizing of sales

Billing and Charging System

Adapted to most any business — an invoice and journal entry being made at one writing. Can be used either for typewriter or hand writing; produces an exact copy of every invoice.

Salesmen's Price Books, Route and Expense Reports, Advertising Information Reports

FOR THE SHIPPING DEPARTMENT

Safety Manifold Shipping and City Delivery Receipts and Books

By the use of which errors in shipment are prevented and all possibility of loss through mis carriage eliminated.

Merchandise Envelopes

For the mailing of merchandise, samples, etc., at 3d and 4th rates of postage.

FOR THE ACCOUNTING DEPARTMENT

In this department we offer the greatest labor-saving systems known to accountants. We can create for any mercantile or manufacturing business a complete system on the loose leaf plan whereby a daily statement of the condition of the business can be procured as soon as the day's posting is done, making a monthly trial balance unnecessary.

Perpetual Ledgers — General, Sales and Creditors,

Perpetual Trial Balance and Proof Books, Journal, Cash and other Auxiliary Books

On the loose leaf plan facilitate, to a great degree, the work of the accountant. We also furnish

Bills Payable and Receivable Forms, Voucher Systems, Check Registers,

Pocket Ledgers and Collection Reports.

Monthly Statement System

Especially adapted to a credit business where an itemized statement is issued. By this system we save all itemizing in the ledger. It has many other commendable features.

Inventory System

By which any number of clerks can work upon an inventory at one time without the necessity of rewriting. We also manufacture a complete line of high-grade

Ruled Sales and Letter Impression Books

FOR THE MANUFACTURING DEPARTMENT

We devise Special Factory Order Systems, Cost, Material and Labor Records, Time and Pay Roll Records, etc.

Factory cost accounting is one of our specialties, and we can provide a system by which an accurate account can be kept of all material, labor and expense, showing actual cost of each article produced.

FOR BANKS

Loose Leaf Systems have become generally recognized as especially suitable for Commercial and Savings Banks, and have been universally adopted for

General, Individual and Liability Ledgers, Journals, Receiving Tellers' Reports, Clearing House Reports, Discount Registers and Ticklers, Check and Draft Registers, Collection Registers and Ticklers, Minute and Signature Books

Our **Silicate Daily Balance Book** offers many advantages over any other system of daily balancing. We have also devised many useful manifold forms for the Collection Department saving time and labor.

If you want the most modern, up-to-date methods of accounting, let us systematize your business

OUR SECTIONAL POST LOCK BINDER

Holds securely one sheet or one thousand.

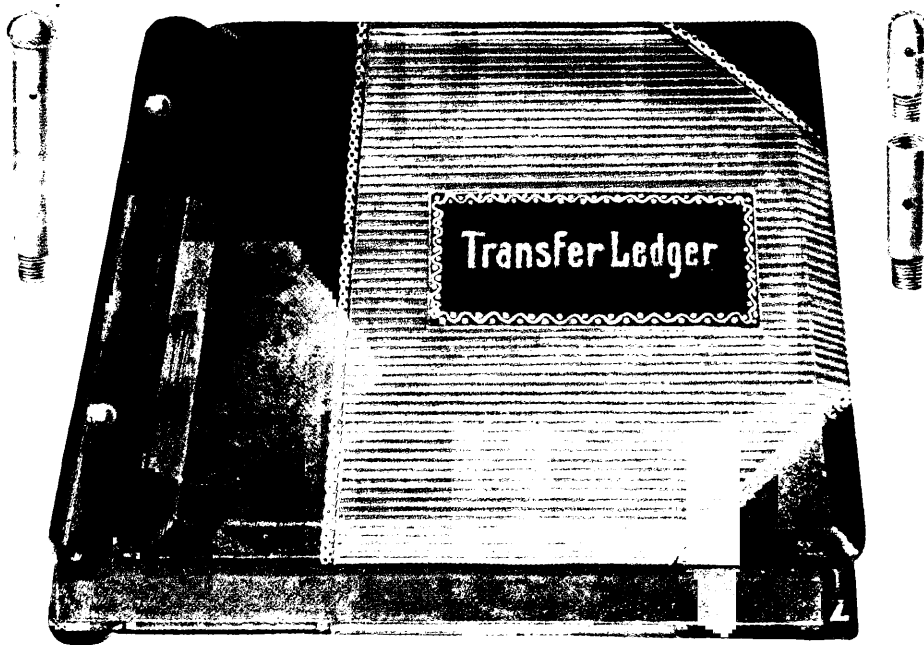

Has no long and unsightly posts projecting to catch on everything and be in the way.

Can be opened and expanded to receive leaves without removing the cover.

It is equipped with one-half and six one-inch sections for each post.

It is particularly adapted for filing records of any kind that require indefinite expansion.

PATENTED MARCH 17, 1892. DECEMBER 19, 1899.

Securely Locked by mechanism in Top Cover.

Key-Hole shown in Lower Left-Hand Corner of Cut.

SANGUIFERRIN LIQUID HAEMOGLOBIN

Combined with Iron and Manganese

Indicated in all forms of Physical Weakness.

SANGUIFERRIN PHARMACAL CO., ST. LOUIS, MO.

is a true "BLOOD BUILDER." It supplies the deficient haemoglobin in cases of ANÆMIA, CHLOROSIS, RICKETS, AMENORRHOEA, DYSMENORRHOEA, ETC. It should be prescribed in all cases of "BLOOD POVERTY" from whatever cause it may arise.

Unlike most of the preparations of its class, SANGUIFERRIN does not irritate the stomach, but, on the contrary, strengthens and improves digestion and assimilation, causing an increase in the weight of the patient almost from the very beginning of treatment.

A full sized bottle of SANGUIFERRIN will be sent to any physician for trial if express charges are guaranteed and express office mentioned.

DOCTOR—Have you been encouraged by your results in the treatment of various diseases of the scalp characterized by the formation of scurf or

DANDRUFF

And followed by a falling out of the hair and ultimately by more or less baldness? Have you any idea of the number of persons in civilized life—right in your own community—who are thus afflicted? The proportion is overwhelming—more than three-fourths. What effect would it have upon your reputation and practice if you could commence improving and even curing such cases?

Let us co-operate with you in this useful work. We have a remedy which is most excellent for many of the diseases of the scalp, such as Dandruff and Baldness, Seborrhea Sicca, Seborrhea Oleosa, Eczema Capitis, etc. It is cleanly, easily applied, adapted to the use of ladies as well as gentlemen. The name of this remedy is

COKE DANDRUFF CURE

Its beneficial effects are quickly manifested by amelioration of the itching, cessation of dandruff formation, healing of the eruption, if any should exist upon the scalp, and ultimately the development of a new growth of hair.

Many physicians, having used COKE DANDRUFF CURE satisfactorily in their own cases, have adopted it extensively in their practice. Here is a sample of the many letters we receive from them:

A. R. BREMER CO.

Chicago.

Dear Sirs: For more than forty years I have been troubled with dandruff in an aggravated form. The gradual loss of hair and threatened baldness induced me to act. I have been using Coke Dandruff Cure for about two months, and find that by using it about once a week I am practically free from my old annoyance, and my hair has ceased to fall out.

Yours truly,

J. D. CRAIG, M. D.

Write us if you have a case upon which you can conveniently try COKE DANDRUFF CURE. We have something for you if you will kindly write us concerning same. Special discounts to the profession. Booklet free to any physician mentioning Polk's Medical Register.

The Underwood Pulmonary Inspirator.

Sold only to Physicians, or rented
on prescription to patients.

A perfected apparatus for the treatment of diseases of the Respiratory Organs by the inhalation of antiseptic remedies in dry or moist heated air.

The volume of medication set free in the heated current is under perfect control of the operator, by means of which perfect pulmonary tolerance is immediately established.

The principle of the diffusion of the antiseptic medications used in this apparatus is *in opposition to and entirely unlike* that exhibited in all other inhalers now in use; for in this instrument the medications and moisture are *restrained and controlled in their out-flow* into the heated current, instead of being set free instantaneously in a dense, irritating, suffocating cloud. In the Underwood Inspirator at the commencement of each inhalation the volatile antiseptic medicaments are given off at first into the heated-air current in an almost imperceptible degree, and the volume of these volatile antiseptic atoms is slowly, gradually and progressively increased in the current of heated air inhaled until a maximum result is reached and this may be continued, if desired, a long period of time.

Remarkable results are being realized by the use of this instrument in all forms of chronic disease dependent in part, or in whole, on the want of oxygen in the vital fluids.

In an average case of Phthisis the tubercle bacilli usually disappear from the sputa in from *three to six months*.

The Twentieth Century Universal Inspirator is also adapted for the use of a EUSTACHIAN CATHETER, as shown in the cut below, and in this way all the benefits of heated medicated air or oxygen are available in cases of Otitis Media, Tinnitus Aurium, and in fact, all middle ear diseases.

A complete list of formulae of antiseptic remedies is furnished—to the physician only—with the instrument.

Heated Oxygen Gas can be safely administered, at any desirable temperature, or in combination with medicated dry or moist heated air, by means of our **20th CENTURY UNIVERSAL PULMONARY INSPIRATOR**.

Experience is proving that **heated oxygen gas** is approximately a **specific remedy** in both the early and advanced stages of Pneumonia, administered by means of this **INSPIRATOR** in conjunction with certain stimulating antiseptic remedies.

In view of the surprising results realized by the use of this remedy, no physician can afford to treat a case of this disease without it.

For Ages HEAT Has been the specific remedy in Inflammation and Irritation. If good externally, why not internally?

IN RECENT YEARS Aseptic instruments and antiseptic applications have made septic tissues healthy. If this is so externally, why not internally? In the **UNDERWOOD PULMONARY INSPIRATOR** you have an Aseptic Instrument administering a heated current of antiseptic air, and this makes it effectual in treating by inhalation **Tuberculosis (Pulmonary or Laryngeal), Bronchitis, Asthma, Hay Fever, Catarrh, Laryngitis, Pneumonia, Otitis Media, Tinnitus Aurium, etc., etc.**

THERE ARE CHAIRS AND CHAIRS, BUT

The McDannold is the Chair

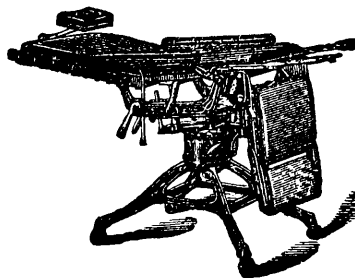

that is purchased by the careful and discriminating physician. This chair is a distinct mechanical advance over all competitors.

POINTS TO NOTE.

Simple, light, strong, durable, easily operated, all known positions quickly and easily secured. This is positively the ONLY CHAIR that ROTATES in ALL POSITIONS. The plane of rotation is always horizontal, and chair positions are not destroyed during rotation as is the case with all other chairs.

Low Price, \$50 on monthly payments, or net cash \$45.

Prices are f.o.b. factory. Sold on its merits; shipped direct from factory to physician. Get full particulars and judge for yourself. We have also a new line of metallic and hardwood Instrument Cabinets. First-class goods at low prices.

CAUTION.

Beware of so-called Medical Directories, plagiarized from R. L. Polk & Co.'s Medical and Surgical Register of the U. S. and Canada, in violation of the copyright laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1898, were copied from our 1898 Register and palmed off as new and original works.

Our friends will confer a favor upon us, as well as render a service to the medical profession, by promptly notifying us of such attempted frauds.

Prices reasonable for addressing envelopes, wrappers or circulars
R. L. POLK & CO., Detroit and Chicago.

A PERUSAL of the classified Business and Physicians' Supply Department on pages 2583-2746 will do more towards keeping you in touch with the leading manufacturers and dealers, and their best and latest products than an expensive tour throughout our great country.

It will aid you materially in keeping abreast of the times.

A single item of information gained from this department may be worth to you a life subscription to Polk's Register.
